2010 年

第 38 卷 第 7 期

## 目 次

|                                      |                    |
|--------------------------------------|--------------------|
| 长白落叶松林冠空隙度随林木因子的变化 .....             | 巨文珍 王新杰 付 尧等 ( 1 ) |
| 黄山花椒种子休眠影响因素 .....                   | 陈 昕 曹珊珊 张红星 ( 5 )  |
| 不同地理种源速生白栎成浆特性 .....                 | 卞丽萍 岳金权 张国珍等 ( 8 ) |
| 安徽肖坑亚热带常绿阔叶林 4 优势树种叶养分动态及其利用效率 ..... | 王陆军 张贤齐 丁正亮等 (10)  |
| 北京密云麻栎人工混交林凋落物养分归还特征 .....           | 肖 洋 陈丽华 余新晓 (13)   |
| 风箱果属植物杂交育种 .....                     | 郁永英 张华艳 潘 杰等 (16)  |
| 重金属污染下 3 种灌木的生理响应及生长量变化分析 .....      | 李 磊 马立华 蔡 宇等 (19)  |
| 长白落叶松人工林穿透雨的养分特征 .....               | 梁晓东 孙兴海 孙志虎等 (22)  |
| 气候因素对栓皮栎容器苗耗水规律的影响 .....             | 毛海颖 马履一 贾忠奎等 (25)  |
| 华北石质山区 4 种乡土树种耗水特征 .....             | 刘春鹏 翟明普 马长明等 (29)  |
| 基于耗水特性的高密市场杨树生长适宜性评价 .....           | 陈安强 杨吉华 房 用 (33)   |
| 落叶松林内 4 种栽培幼树的光合特性 .....             | 商士达 殷鸣放 吴春雷等 (36)  |
| 麻疯树光合生理及其与环境因子的关联性 .....             | 陈友根 李 昆 孙永玉 (39)   |
| 水分胁迫对常见绿化植物苗木光响应特性的影响 .....          | 王玉涛 李吉跃 刘 平等 (42)  |
| 低温胁迫下银杏活性氧代谢与膜伤害的关系 .....            | 郝万文 曹福亮 汪贵斌 (46)   |
| 干旱胁迫对不同种源香椿主要叶绿素荧光参数的影响 .....        | 杨玉珍 陈 刚 彭方仁 (49)   |
| 干旱胁迫对白三叶幼苗保护酶的影响 .....               | 金忠民 沙 伟 戴 威等 (52)  |
| 不同质量分数 NaCl 对月见草生理指标的影响 .....        | 闫道良 孙一番 宗松晗 (54)   |
| 红皮云杉胚性愈伤组织保持与增殖阶段影响因子的筛选与分析 .....    | 刘宝光 李成浩 张舍国 (56)   |
| 不同培养基对紫丁香花粉离体萌发的影响 .....             | 刘雪莲 李庆玲 秦佳梅等 (61)  |
| 神农香菊组织培养和植株再生 .....                  | 何 森 董春艳 冯 博等 (64)  |
| 晋西黄土区核桃花生复合系统核桃根系空间分布特征 .....        | 云 雷 毕华兴 马雯静等 (67)  |
| 红松母树林下刺五加资源抽样调查方法 .....              | 李海奎 郑立生 李风华等 (71)  |
| 黄土高原两种人工林幼林生态系统碳汇能力评价 .....          | 王 蕾 张景群 王晓芳等 (75)  |
| 北京山地森林生态服务功能评估 .....                 | 徐成立 王雄宾 余新晓等 (79)  |
| 小兴安岭 4 树种健康材和腐朽材结晶度的试验 .....         | 张新玲 王立海 高 珊 (83)   |
| 崇明东滩越冬白头鹤生境适宜性评价 .....               | 张佰莲 刘群秀 宋国贤 (85)   |
| 辽宁绒山羊卵泡卵母细胞体外成熟的分析 .....             | 宋连喜 庄 岩 杨景晔等 (88)  |
| 鹿茸对小鼠酒精急性肝损伤保护作用的显微及超微结构分析 .....     | 夏彦玲 李和平 李婷婷等 (91)  |
| 冰雪灾后广东杨东山十二度水保护区森林大型土壤动物功能类群 .....   | 肖以华 佟富春 罗鑫华等 (93)  |
| 不同轮作方式对牡丹江地区烟田土壤微生物数量及分布的影响 .....    | 李 喆 元 野 马 力等 (96)  |
| 长白山斑玉蕨的生物学特性及致濒机理 .....              | 图力古尔 范宇光 胡建伟 (100) |
| 火炬树挥发性有机物释放动态及其抑菌作用 .....            | 郭阿君 王志英 邹 丽 (103)  |
| 桉柳甘油醛-3-磷酸脱氢酶基因的克隆与表达分析 .....        | 于丽丽 高彩球 王玉成等 (105) |
| 温度和叶表化学物质对松杨栅锈菌夏孢子萌发的影响 .....        | 余仲东 李秀信 郭志青等 (109) |
| 北冬虫夏草中虫草素的微波辅助提取 .....               | 卢 钢 孙立伟 高晓旭等 (113) |
| 哈尔滨市土壤有机质高光谱模型 .....                 | 乔 璐 陈立新 张 杰等 (116) |
| 大庆市不同土壤类型盐碱化特征及评价 .....              | 张 杰 陈立新 乔 璐等 (119) |

### • 研究简报 •

|                                    |                    |
|------------------------------------|--------------------|
| 兴安落叶松优良家系选择及遗传增益 .....             | 商永亮 张淑华 陈志成等 (123) |
| 有效叶面积指数与真实叶面积指数的模型转换 .....         | 杜春雨 范文义 (126)      |
| 东北地区夜蛾亚科 2 新记录种记述 (鳞翅目, 夜蛾科) ..... | 郭 敏 隋 华 韩辉林 (129)  |

英文审校: 李金荣

技术编辑: 刘国生

## CONTENTS

|                                                                                                                                                                        |                                                              |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------|
| Variation of Crown Shyness with Stand Factors in <i>Larix olgensis</i> Plantation .....                                                                                | Ju Wenzhen, Wang Xinjie, Fu Yao, et al. ( 1 )                |
| Influencing Factors on Seed Dormancy of <i>Sorbus amabilis</i> .....                                                                                                   | Chen Xin, Cao Shanshan, Zhang Hongxing ( 5 )                 |
| Pulping Properties of Wood from Fast-growing Birch Forests of Different Provenances .....                                                                              | Bian Liping, Yue Jinquan, Zhang Guozhen, et al. ( 8 )        |
| Foliar Nutrient Dynamics and Nutrient Use Efficiency of Four Dominant Tree Species in a Subtropical<br>Evergreen Broad-leaved Forest in Xiaokeng, Southern Anhui ..... | Wang Lujun, Zhang Yunqi, Ding Zhengliang, et al. ( 10 )      |
| Characteristics of Nutrient Return of Litterfall in <i>Quercus acutissima</i> Mixed Forest in<br>Miyun of Beijing .....                                                | Xiao Yang, Chen Lihua, Yu Xinxiao, et al. ( 13 )             |
| Cross-breeding of <i>Physocarpus</i> Plants .....                                                                                                                      | Yu Yongying, Zhang Huayan, Pan Jie, et al. ( 16 )            |
| Physiological Response and Growth Increment of Three Species of Shrubs under Heavy Metal Pollution .....                                                               | Li Lei, Ma Lihua, Cai Yu, et al. ( 19 )                      |
| Nutrient Characteristics of Throughfall in <i>Larix olgensis</i> Plantation .....                                                                                      | Liang Xiaodong, Sun Xinghai, Sun Zhihu, et al. ( 22 )        |
| Effects of Climate Factors on Water Consumption Law of <i>Quercus variabilis</i> Seedlings .....                                                                       | Mao Haiying, Ma Lüyi, Jia Zhongkui, et al. ( 25 )            |
| Water Consumption Characteristics of Four Native Tree Species in the Rocky Mountain Area<br>of North China .....                                                       | Liu Chunpeng, Zhai Mingpu, Ma Changming, et al. ( 29 )       |
| Site Suitability Evaluation for Poplar Growth in Gaomi Based on Water Consumption Characteristics .....                                                                | Chen Anqiang, Yang Jihua, Fang Yong ( 33 )                   |
| Photosynthetic Characteristics of Four Species of Saplings Planted in <i>Larix olgensis</i> Forest .....                                                               | Shang Shida, Yin Mingfang, Wu Chunlei, et al. ( 36 )         |
| Photosynthetic Physiology of <i>Jatropha curcas</i> and Its Relationship with Environmental Factors .....                                                              | Chen Yougen, Li Kun, Sun Yongyu ( 39 )                       |
| Effects of Soil Water Stress on Light Response Characteristics of Seedlings of Landscape Plants .....                                                                  | Wang Yutao, Li Jiyue, Liu Ping, et al. ( 42 )                |
| Relationship between Active Oxygen Metabolism of Ginkgo Leaf and Cell Membrane Injury under<br>Low-temperature Stress .....                                            | Yu Wanwen, Cao Fuliang, Wang Guibin ( 46 )                   |
| Effects of Drought Stress on Chlorophyll Fluorescence Parameters in Seedlings of Different<br><i>Toona sinensis</i> Provenances .....                                  | Yang Yuzhen, Chen Gang, Peng Fangren ( 49 )                  |
| Effects of Drought Stress on Protective Enzymes of <i>Trifolium repens</i> Seedlings .....                                                                             | Jin Zhongmin, Sha Wei, Zang Wei, et al. ( 52 )               |
| Effects of Different Concentrations of NaCl on Physiological Indexes of <i>Oenothera biennis</i> .....                                                                 | Yan Daoliang, Sun Yixiang, Zong Songhan ( 54 )               |
| Screening of Influence Factors on Maintenance and Proliferation of Embryogenic Callus<br>of <i>Picea koraiensis</i> .....                                              | Liu Baoguang, Li Chenghao, Zhang Hanguo ( 56 )               |
| Effects of Different Culture Media on <i>in Vitro</i> Pollen Germination of <i>Syringa oblata</i> .....                                                                | Liu Xuelian, Li Qingling, Qin Jiamai, et al. ( 61 )          |
| Tissue Culture and Plantlet Regeneration of <i>Dendranthema indicum</i> var. <i>aromaticum</i> .....                                                                   | He Miao, Dong Chunyan, Feng Bo, et al. ( 64 )                |
| Spatial Distribution Characteristics of Root System of Walnut Trees in the Walnut-Peanut Intercropping<br>System in the Loess Region of Western Shanxi .....           | Yun Lei, Bi Huaxing, Ma Wenjing, et al. ( 67 )               |
| Sampling Survey Methods for <i>Acanthopanax senticosus</i> in a Parent Stand of Korean Pine .....                                                                      | Li Haikui, Zheng Lisheng, Li Fenghua, et al. ( 71 )          |
| Carbon Sink in Two Young Plantations in Loess Plateau .....                                                                                                            | Wang Lei, Zhang Jingqun, Wang Xiaofang, et al. ( 75 )        |
| Assessment of Service Function of Forest Ecosystem in Beijing Mountain Areas .....                                                                                     | Xu Chengli, Wang Xiongbin, Yu Xinxiao, et al. ( 79 )         |
| Crystallinity of Healthy and Rotten Wood of Several Tree Species in Xiaoxing'an Mountain .....                                                                         | Zhang Xinling, Wang Lihai, Gao Shan ( 83 )                   |
| Habitat Suitability Assessment for Wintering Hooded Cranes in Dongtan, Chongming Island .....                                                                          | Zhang Bailian, Liu Qunxiu, Song Guoxian ( 85 )               |
| <i>In Vitro</i> Maturation of Oocytes from Liaoning Cashmere Goats .....                                                                                               | Song Lianxi, Zhuang Yan, Yang Jingchao, et al. ( 88 )        |
| Effects of Velvet Antler on Microstructure and Ultrastructure of Injured Liver of Mice by Alcohol .....                                                                | Xia Yanling, Li Heping, Li Tingting, et al. ( 91 )           |
| Functional Groups of Soil Fauna in Yangdongshan Shierdushui Nature Reserve in North Guangdong<br>Province after Ice-Snow Disaster .....                                | Xiao Yihua, Tong Fuchun, Luo Xinhua, et al. ( 93 )           |
| Effects of Different Rotations on the Amount and Distribution of Soil Microorganisms in Mudanjiang<br>Tobacco-cropping Areas .....                                     | Li Zhe, Yuan Ye, Ma Li, et al. ( 96 )                        |
| Biological Characteristics and Endangerment Mechanisms of <i>Hypsizygus marmoreus</i> .....                                                                            | Tolgor Bau, Fan Yuguang, Hu Jianwei ( 100 )                  |
| Release Variation and Antibiotic Functions of Volatile Organic Compounds from <i>Rhus typhina</i> .....                                                                | Guo A'jun, Wang Zhiying, Zou Li ( 103 )                      |
| Cloning and Expression of a Glyceraldehyde-3-phosphate Dehydrogenase Gene from<br><i>Tamarix hispida</i> .....                                                         | Yu Lili, Gao Caiqui, Wang Yucheng, et al. ( 105 )            |
| Effect of Temperature and Leaf Extractions on the Germination of <i>Melampsora larici-populina</i><br>Klebon Wrediospore .....                                         | Yu Zhongdong, Li Xiuxin, Guo Zhiqing, et al. ( 109 )         |
| Microwave-assisted Extraction of Cordycepin from <i>Cordyceps militaris</i> .....                                                                                      | Lu Gang, Sun Liwei, Gao Xiaoxu, et al. ( 113 )               |
| Spectral Models for Prediction of Soil Organic Matter in Harbin .....                                                                                                  | Qiao Lu, Chen Lixin, Zhang Jie, et al. ( 116 )               |
| Characteristics and Evaluation of Salinization of Different Types of Soils in Daqing City .....                                                                        | Zhang Jie, Chen Lixin, Qiao Lu, et al. ( 119 )               |
| ◆ Research note ◆                                                                                                                                                      |                                                              |
| Fine Family Selection and Genetic Gain of <i>Larix gmelinii</i> .....                                                                                                  | Shang Yongliang, Zhang Shuhua, Chen Zhicheng, et al. ( 123 ) |
| Model Transformation between the Effective Leaf Area Index and the Actual Leaf Area Index .....                                                                        | Du Chunyu, Fan Wenyi ( 126 )                                 |
| Two New Record Species of Noctuidae (Lepidoptera, Noctuidae) from Northeast China .....                                                                                | Guo Min, Sui Hua, Han Huilin ( 129 )                         |
