

2021 年第 1 期

(双月刊 双月 25 日出版)

1958 年创刊

主管单位:上海市国有资产  
监督管理委员会  
主办单位:上海电缆研究所有限公司  
编辑出版:《电线电缆》编辑部  
发行范围:国内外公开发  
行:上海报刊发行局  
订 阅:全国各地邮局  
邮发代号:4-276  
主 编:吴士敏  
本期责编:顾 炯  
广告业务:田 文  
通讯地址:上海市军工路 1000 号  
邮政编码:200093  
电 话:(021)65494605-768(编辑)  
(021)65485720(广告)  
传 真:(021)65486602  
电子信箱:wire-cable@ 163.com  
印 刷:上海纯德印务有限公司  
定 价:10.00 元  
国际标准连续出版物号:ISSN 1672-6901  
国内统一连续出版物号:CN 31-1392/TM  
期刊基本参数:CN31-1392/TM

目 次

• 综 述 •

外加电压及绝缘温差对 XLPE 直流电缆电场分布的影响 .....  
..... 刘晓娇, 李思宁, 张洪亮,等( 1 )  
中低压电缆附件现状及未来发展趋势 ..... 胡诚成( 5 )

• 线缆产品 •

大长度高压电力电缆在海底电缆登陆段的设计与应用 .....  
..... 郑大白, 龙治华, 王凤凯(10)  
联锁铠装电缆的中外标准解析 ..... 吴振江(14)  
动态缆整体水动力响应对浮筒布局的敏感性分析 .....  
..... 陈大勇, 张慧莞, 郭一柱,等(20)  
洗车器专用水电复合缆的研制 ..... 邵 冰(24)

• 测试技术 •

高压电力电缆外护套电气绝缘特性检验的研究与分析 .....  
..... 滕兆丰, 夏俊峰, 施楠楠(27)  
载流量试验误差分析及数据可靠性研究 .....  
..... 韩 啸, 宋 鹏, 刘雄军,等(31)

• 敷设运行 •

电缆终端故障造成 220 kV 变电所全停事故分析及处理 .....  
..... 段庆权, 杭 帅, 曹京荧,等(35)

• 工艺设备 •

SSLB500 型高压电缆铝护套立式双轴连续包覆机的研制 .....  
..... 樊志新, 高晓钰, 裴久杨,等(39)  
基于 Ansys Workbench 的大承载全钢盘的设计和有限元分析 .....  
..... 王庆文, 缪志山, 薛 宏,等(43)

# Wire & Cable

No.1, 2021

(Bimonthly)

First issue published  
in 1958

**Responsible organ:**  
Shanghai Municipal Commission  
for Supervision and Management  
of State-Owned Assets

**Sponsor:**  
Shanghai Electric Cable  
Research Institute Co., Ltd.

**Editor & publisher:**  
Wire & Cable Editorial Office

**Scope of distribution:**  
Domestically & Internationally

**Distributed by:**  
Shanghai Newspapers &  
Periodicals Distribution  
Administration

**Subscription to:**  
Post offices all over China,  
distribution code 4-276

**Chief editor:** WU Shimin

**Contributing editor:** GU Jiong

**Advertising:** TIAN Wen

**Address:**  
1000 Jungong Road,  
Shanghai 200093, P.R.C.  
**Tel:** (021) 65494605-2058

**Fax:** (021) 65486602

**E-mail:** wire-cable@163.com

**Printer:** Shanghai Chunde  
Printing Co., Ltd.

**Price:** RMB 10.00 yuan

**Periodical code:**

ISSN 1672-6901

CN 31-1392/TM

## CONTENTS

### Overview

|                                                                                                                    |                  |
|--------------------------------------------------------------------------------------------------------------------|------------------|
| Influence of Applied Voltage and Insulation Temperature Drop on Electric Field Distribution of XLPE DC Cable ..... |                  |
| ..... LIU Xiaojiao, LI Sining, ZHANG Hongliang, et al(1)                                                           |                  |
| Current Situation and Future Development Trend of Medium and Low Voltage Cable Accessories .....                   | HU Chengcheng(5) |

### Wire & Cable Products

|                                                                                                                      |                                            |
|----------------------------------------------------------------------------------------------------------------------|--------------------------------------------|
| Design and Application of Large Length High Voltage Power Cable in Landing Section of Submarine Cable .....          | ZHENG Dabai, LONG Zhihua, WANG Fengkai(10) |
| Analysis and Compare Between Chinese and Foreign Standards for Interlocking Armored Cables .....                     | WU Zhenjiang(14)                           |
| Parameter Sensitivity Analysis of Hydrodynamic Response of Global Configuration on the Distributed Buoy Layout ..... |                                            |
| ..... CHEN Dayong, ZHANG Huimeng, GUO Yizhu, et al(20)                                                               |                                            |
| The Development of Water and Electricity Composite Cable for Car Washer .....                                        |                                            |
| ..... SHAO Bing(24)                                                                                                  |                                            |

### Test & Measurement

|                                                                                           |                                            |
|-------------------------------------------------------------------------------------------|--------------------------------------------|
| Study on the Electrical Characteristics Test of High-Voltage Power Cable Oversheath ..... | TENG Zhaofeng, XIA Junfeng, SHI Nannan(27) |
| Error Analysis and Data Reliability Research in Current Carrying Capacity Test ...        |                                            |
| ..... HAN Xiao, SONG Peng, LIU Xiongjun, et al(31)                                        |                                            |

### Installation & Operation

|                                                                                                     |                                                    |
|-----------------------------------------------------------------------------------------------------|----------------------------------------------------|
| Analysis and Treatment on 220 kV Substation Power Off Accident Caused by Cable Terminal Fault ..... | DUAN Qingquan, HANG Shuai, CAO Jingying, et al(35) |
|-----------------------------------------------------------------------------------------------------|----------------------------------------------------|

### Manufacturing Facilities

|                                                                                                                       |                                                |
|-----------------------------------------------------------------------------------------------------------------------|------------------------------------------------|
| Development of SSLB500 Continuous Extrusion Machine for High-Voltage Cable Aluminum Sheathing .....                   | FAN Zhixin, GAO Xiaoyu, PEI Jiuyang, et al(39) |
| Design and Finite Element Analysis of All-Steel Cable Drum with Large Bearing Capacity Based on Ansys Workbench ..... |                                                |
| ..... WANG Qingwen, MIAO Zhishan, XUE Hong, et al(43)                                                                 |                                                |
