MAIN CONTENTS

Research Paper

- Simulated study on the effect of ecological floating bed of *Sesuvium portulacastrum* L. on the growth and aquaculture benefit of grouper
..... LI Weilin , WEN Ping , LUO Donglian , YANG Fang , QIU Denggao , ZHENG Shenghua , ZHENG Huidong (411)
- Application of high performance liquid chromatography in determination of the preponderant harmful algae species
..... WANG Lei , QIAO Kun (422)
- Emergency and long – term control effect of cyanobacteria bloom in Dongyaxi Reservoir
..... LIN Yingjin , ZENG Xiaomei , CHEN Qian , XIE Yidong (429)
- Research on bionic kelp harvesting device LIU Hewei , HAN Bin (445)
- Analysis of nutrient composition and heavy metal content of *Porphyra haitanensis* in different sea areas of Fujian Province
..... LI Shuigen (453)
- Analysis and evaluation of nutritional components in the muscle of four grouper species
..... CHEN Xiaoting , LIN Yu , LU Haixia , SU Yongchang , LIU Zhiyu (463)
- Detection of paralytic shellfish toxins in the farming shellfish products collected from the middle of Fujian sea – area by high performance liquid chromatography – tandem mass spectrometry YANG Yunhui (473)
- Tolerance study on the water temperature , salinity and dissolved oxygen changes of pearl gentian grouper (*Epinephelus fuscoguttatus* ♀ × *E. lanceolatus* ♂) LIN Guowen (481)
- Metabolism and withdrawal period of eugenol in tilapia
..... LIN Licong , FAN Haiping , WANG Maoyuan , ZHONG Quanfu , ZENG Zhazhuang (486)
- Effect of cage culture on the changes of nitrogen and phosphorus in bottom water of Zhanghu reservoir bay
..... ZENG Tao (492)
- Structure and evaluation of phytoplankton community in Jianxi River Basin , Minjiang River LI Wanbao (500)
- On the comprehensive effect of China's aquatic seed export trade
..... YUE Dongdong , ZHANG Ming , FANG Hai , JI Weiwei , RUAN Wen (509)
