CONTENTS IN BRIEF

Original Articles

- Preliminary application value of native T₁ value of cardiac MRI and tissue tracking technique in the differential diagnosis of cardiac amyloidosis and hypertrophic cardiomyopathy**
..... HU Chong, SHU Jing-wei, ZHAO Ren, et al (282)
- The prognostic value of left atrial function assessed by cardiovascular magnetic resonance tissue tracking in ischemic heart disease**
..... SHU Jing-wei, LI Xiao-hu, HU Chong, et al (288)
- Cardiac MR study on the factors of mitral regurgitation in patients with acute myocardial infarction**
..... XUE Na, XUE Zhi-ying, YIN Xiao-feng, et al (296)
- A preliminary study on quantitative measurement of left ventricular myocardial T₂ value to evaluate cardiac function in patients with type 2 diabetes mellitus**
..... FENG Gen-yi, ZHANG Lei, WANG Jian-gang, et al (300)
- Study of white matter changes in idiopathic generalized epilepsy using diffusion kurtosis imaging**
..... MU Shan, LU Yi, ZENG Yi-zhen, et al (334)
- Clinical and MRI features of temporal lobe ganglioglioma in children**
..... MA Hui-jing, WANG Yong-jiao, ZHAI Ai-guo, et al (340)
- Preliminary study of 3.0T MR arterial spin labeling in the diagnosis of parotid gland tumors**
..... LYU Hong-yu, LUO Ning-bin, LAI Shao-lyu, et al (346)
- Comparative study of imaging manifestations and pathology of extrapleural solitary fibrous tumor**
..... HE Huan, ZHA Yun-fei, ZHANG Shi-ying, et al (351)
- To explore the ability of 3.0T MR UTE sequence to display pulmonary nodules: comparison with CT images**
..... WANG Fu-nan, ZHU Liu-hong, ZHOU Jian-jun (357)
- Clinical value of CCTA quantitative plaque characteristics and perivascular fat in acute coronary syndrome**
..... HAN Ting-ting, MU Yue, HONG Ye, et al (361)
- Value of differential diagnosis in ovarian serous carcinoma subtypes with apparent diffusion coefficient**
..... LU Shen-ming, ZHANG Guo-fu, LIU Xue-fen, et al (366)
- Value of MR T₂ WI-based radiomics for the evaluation of the treatment response in rectal cancer after neoadjuvant therapy**
..... LIU Ming-lu, SHEN Fu, LU Jian-ping (371)
- MRI findings of acute ankle injury in alpine skiing**
..... WU Peng, SUN Guang-yuan, WANG Cheng-yao, et al (377)
- The value of gemstone spectral imaging in assessing the intervertebral titanium cage fusion**
..... SUN Cai-yuan, WANG Feng-dan, ZHANG Yan, et al (383)

Diffusion kurtosis imaging study in EEG-negative idiopathic generalized epilepsy in children

ZHANG Yu-zhen, YIN Qiu-feng, ZHENG Hui, et al (388)

Application of DWIBS in the diagnosis of transformed lymphoma and its correlation with Ki-67 index

SUN Meng-tian, CHENG Jing-liang, ZHANG Yong, et al (393)

¹⁸F-FDG PET/CT features and clinical indicators of secondary hemophagocytic syndrome

LIU Xin, WANG Shi-cun, NI Ming, et al (398)

Effect of MSCT reconstruction parameters on the quantitative measurement of pulmonary nodules

CHEN Lan-jing, LI Yan, CHENG Yong, et al (403)

Feasibility of oral ferric ammonium citrate in eliminating gastrointestinal tract interference in DWIBS

ZHANG Nan, SONG Qing-wei, LIU Ai-lian, et al (408)

Evaluation the value of ultrasound elastography in the diagnosis of benign and malignant breast nodules; logistic regression analysis

SONG Xiao-yu, XIAO Jia-fang, BAI Gang (413)

Dear Dr. Xia:

We are writing to inform you that your article, published online February 26, 2020 in the journal *Radiology*, "Correlation of Chest CT and RT-PCR Testing for Coronavirus Disease 2019 (COVID-19) in China: A Report of 1014 Cases," has been selected as the recipient of the 2020 Alexander R. Margulis Award for Scientific Excellence. On behalf of the Board of Directors of the Radiological Society of North America (RSNA), the *Radiology* Editorial Board, and the members of RSNA, we congratulate you and your coauthors.

This is the ninth year that the Margulis Award, established by the Board of Directors, will be given. Named in honor of Alexander R. Margulis, MD, the award recognizes the best scientific article from among the 300 published in *Radiology* in a particular year, as determined by the Margulis Award Nominating Committee and the Margulis Award Selection Committee. The committees review published manuscripts based on their novelty, quality, importance, and potential scientific and clinical impacts. The two finalists for the 2020 award were impressive representatives of the best in radiology research, but your article was considered by both the Nominating and Selection Committees as particularly excellent.

The award will be announced virtually during the RSNA 2020 annual meeting. We are honored to invite you to receive the award for your article as corresponding author and on behalf of your colleagues.

You will receive communications from the RSNA Executive Office that describe the arrangements in more detail. While we welcome your informing family and colleagues about the award, we are using the RSNA annual meeting to make the official announcement. Your discretion until the announcement is appreciated. Following the announcement and your receipt of the award, RSNA will use all its modes of communication to inform the international radiology community of this happy event.

We look forward to seeing virtually you at the RSNA 2020 meeting, and to honoring you and your colleagues' article through the Margulis Award for Scientific Excellence.

Heariest congratulations,
James P. Borgstede

David A. Bluemke

近日,北美放射学会(RSNA)发布最新消息,《放射学实践》杂志常务副主编、华中科技大学同济医学院附属同济医院放射科主任夏黎明教授团队的新冠肺炎相关研究论文“Correlation of Chest CT and RT-PCR Testing for Coronavirus Disease 2019 (COVID-19) in China: A Report of 1014 Cases”(2019年发生在中国的冠状病毒疾病胸部CT与核酸检测的对比研究:1014例报道)荣获RSNA 2020年Alexander R. Margulis科学卓越奖。

此文通讯作者夏黎明;第一作者艾涛、杨真露。夏黎明主任/教授团队通过综合分析新冠肺炎患者的临床、影像、核酸检测大数据,系统性论证了胸部CT与核酸检查在新冠肺炎患者筛查中的价值。论文获得了国内外同行的广泛关注。截至2020年11月,该文累计下载40多万次。北美放射学会获奖通知特别提到该研究令人印象深刻且被Margulis奖提名委员会和遴选委员会同时评为特别优秀。

Margulis科学卓越奖以纪念北美著名放射学家Alexander R. Margulis(1921-2018)在放射学领域做出的卓越贡献而设立。每年在RSNA年会前夕由Margulis奖提名委员会和遴选委员会对《Radiology》杂志本年度发表的约380篇科研论文基于创新性、质量、重要性、潜在的科学与临床影响力等进行综合评估,选择最佳的一篇论文授予此奖项。奖项自2012年设立以来,共选出了9篇年度最具影响力的学术论文授予Margulis奖,其中来自美国7篇、英国1篇、荷兰1篇。此次夏黎明教授团队论文获奖是欧美以外专家首次获此殊荣。此项影像医学行业大奖相当于医学影像学界的奥斯卡、格莱美。

最新中国学者新冠肺炎国际论文学术影响力排名夏黎明教授及其团队中的艾涛副教授分别排名第29位(放射领域中国第一)和71位。
