

- A spatial geostatistical analysis of impact of land use development on groundwater resources in the Sangong Oasis Region using remote sensing imagery and data..... Xi CHEN, JinFeng YAN, Zhi CHEN, GePing LUO, Qing SONG, WenQiang XU (1)
- Plant-to-plant direct competition for belowground resource in an overlapping depletion zone Amit Chakraborty, BaiLian Li (9)
- Spatial pattern of land cover change in China's semiarid environment..... BaoLin LI, QiMing ZHOU (16)
- Spatial heterogeneity for grain size distribution of eolian sand soil on longitudinal dunes in the southern Gurbantunggut Desert..... YiBing QIAN, ZhaoNing WU, HaiFeng YANG, Chao JIANG (26)
- Effects of water stress on the soil water movement and winter wheat growth in central arid zone..... ChengYi ZHAO, Yu SHENG, Yilihm·Yimam (34)
- Plant diversity-productivity patterns in the alpine steppe environment of the central Tianshan Mountains..... YuKun HU, KaiHui LI, YanMing GONG, Wei YIN (43)
- Analysis of oasis stability in arid areas: a case study in the northern slope areas of the Tianshan Mountains..... GePing LUO, Lei LU, ChangYing YIN, YiXing FENG (49)
- Effects of short-term low temperatures on photosystem II function of samara and leaf of Siberian maple (*Acer ginnala*) and subsequent recovery XiangLiang PAN, DaoYong ZHANG, Xi CHEN, Li LI, GuiJin MU, LanHai LI, AnMing BAO (57)
- A preliminary molecular historical biogeography of *Caragana* (Leguminosae) based on ITS and *trnL-F* DNA sequence data..... MingLi ZHANG, Yun KANG, JunBo YANG (64)
- Distribution and migration of houbara bustard (*Chlamydotis undulata*) in China..... XingYi GAO, Olivier COMBREAU, JianFang QIAO, WeiKang YANG, Jun YAO, KeFen XU (74)
