设计艺术与理论

- 012 新媒体艺术中交互设计发展趋势探索
014 浅谈模块化理念在产品研究中的价值体现
017 O2O 模式下“少即是多”理念在中式外卖餐盒中的设计与探索
019 自然化设计——回归自然的设计
021 基于赫哲族鱼皮的文化创意产品设计研究
023 榫卯结构资源及其资源可视化研究
026 奥运火炬设计审美的时代性研究
028 探析包装材料的创新应用方法
030 工业设计与福建制造业融合发展的产学研新模式研究
032 基于情绪导向的产品设计色彩研究
034 面向“数字总规”的“多规合一”信息平台构建研究
036 珠宝首饰设计中的故事性设计
038 基于 3D 打印技术的创意家居产品设计研究
040 探讨极简主义与产品设计的关系
042 现代展览的体验式展陈策略及实践方式研究
045 旧工业厂房区景观设计改造研究
047 室内环境设计“项目化”实践教学模式探索研究
049 “互联网+”背景下设计产业的现状以及发展前景
051 基于文化仿生的汽车造型设计探究
053 加强现代公路养护机械维修管理的探索与思考
055 新中式家具禅意设计研究
057 模块化设计方法在服装设计中的应用研究
059 用户心理与中药熏蒸床色彩设计研究
061 基于云服务的工业设计科技资源共享平台建设探讨
063 交互设计中的产品情感化研究
065 浅谈感知在特殊学校体育教育器材中的应用
067 基于可成长性理念的儿童家具设计探究
069 城市公交车无障碍化设计研究
071 二胎情境下学龄前儿童玩具发展趋势研究
073 洛阳市瀍河回族区彩礼习惯调查研究
075 关于保护儿童视力、预防儿童近视用品的研究与设计
077 如大潮涨潮兴起的国内文化创意产业园中的文创产品
079 玻璃材质在灯具设计中的应用研究
081 适于幼儿身心发展的幼儿园室内环境设计
083 探究室内设计中空间形象的“实”与“虚”
085 中国画元素在插画设计中的应用
087 基于应用型本科教学模式下的服装材质的重塑与表现研究
089 计算机 C 语言在工业设计教学中的应用
091 一个新的标准：约瑟夫·弗兰克开发的现代展览体系架构
093 机电专业实践实训的教学模式研究

AUTHORITATIVE VIEWPOINTS

008 Exclusive Interview with Zhen Zhongyi, President of Hebei Academy of Fine Arts

THE ART OF DESIGN AND ITS THEORY

- 012 Development Trend of Interactive Design in New Media Art
014 The Analysis of the Modularization Concept's Value in Product Design Research
017 The Design and Explore on Chinese Take-Away Contains with the Idea "Less is More" Under the O2O Pattern
019 Naturalized Design—a Design Returning to Nature
021 Design of Cultural and Creative Products Based on Hezhen Tribe Skin
023 Research on the Visualization of Tenant Structure Resources and Its Resources
026 Study On The Olympic Torch Design Aesthetic Modernity
028 Research on Innovative Application of Packaging Materials
030 A New Model of University-Industry Cooperation based on Industrial Design and Fujian Manufacturing Industry
032 Design Color Study Based on Emotion Oriented Product Design
034 Research on Framework of "Multi-Plan Integration" Information Platform for "Digital General Planning"
036 Story-Telling in Jewelry Design
038 Research on Creative Household Product Design Based on 3D Printing Technology
040 Exploring the Relationship Between Minimalism and Product Design
042 Research on the Experience and Practice of Modern Exhibition
045 Research on Landscape Design Transformation of Old Industrial Factory Building Area
047 Research on "Project Oriented" Practice Teaching Model in Indoor Environment Design
049 "The Design Industry Status and Development Prospects Internet Plus Background
051 Research on Automobile Modeling Design Based on Cultural Bionics
053 Exploration and Thinking on Strengthening Maintenance Management of Modern Highway Maintenance Machinery
055 Research on Zen Design of New Chinese Furniture
057 Research on the Application of Modular Design Method in Fashion Design
059 User Psychology and Color Design of Chinese Medicine Fumigating Bed
061 Discussion on Construction of Science and Technology Resource Sharing Platform Based on Cloud Service
063 Research on Product Emotionally in Interactive Design
065 Discussion on the Application of Sensing and Interaction in Sports Equipment of Disabled Persons
067 Research on Children's Furniture Design Based on the Concept of Growth
069 Research on Barrier Free Design of City Bus
071 Development Trend of Preschool Children's Toys in Second Child Situation
073 Investigation and Study of CAI Li in Luoyang Chan River HuiZu District
075 Research and Design on the Protection of Children's Eyesight and the Prevention of Myopia for Children
077 Such as the Rise of the Tide of the Rise of the Domestic Cultural and Creative Industrial Park in the Cultural and Creative Products
079 Application of Glass Material in the Design of Lamps and Lanterns
081 Suitable for children's Physical and Mental Development of the Kindergarten Indoor Environment Design
083 Exploring the "Reality" and "Emptiness" of Space Image in Interior Design"
085 The Application of Chinese Painting Elements in Illustration Design
087 Research on the Remodeling and Performance of Clothing Materials Based on Applied Undergraduate Teaching Mode
089 The Application of Computer in C Language Teaching in Industrial Design
091 A New standard: the Architecture of Modern Exhibition System Developed by Josef-Frank
093 Research on Practical Training Teaching Mode of Mechanical and Electrical Specialty
095 Based on Project Task Driven Digital Illustration Design Course Online Booking Teaching
097 A Study on the Conditions and Need of Development of Modern Plant Factories

INDUSTRIAL DESIGN

- 108 Research and Practice on the Management of Outsourcing Construction Team in Electric Power Enterprises
- 110 Design of Permanent Magnet Synchronous Motor for Electric Vehicle
- 112 The Analysis of the Optimal Design of Active Power Distribution Network in Power System
- 114 Design and Exploration of Asynchronous Motor with Variable Frequency Speed Regulation
- 116 Research on Improvement of Manufacturing Technology for Electric Power Tower
- 118 Construction and Practice of Digital Workshop in Rail Transit Manufacturing Enterprise
- 120 Bored Piles Cut Pile Head "Remove" the Application of New Technologies in Agriculture Qin Garden Projects
- 122 Design of Applications and Maintenance Simulation Training System for Tethered Balloon
- 124 Fault Analysis and Treatment of Breaking Mechanism of Breaker in
- 126 Comprehensive Support Technology of Deep Roadway in Coal Mine
- 128 Application of Crime Prevention Measures Based on CPTED — Case Study on Japan
- 130 Design Idea of Energy Efficiency Upgrading for Compressor Motor
- 132 Optimal Design of Overhead Transmission Line
- 134 An Analysis of the Design Points of Low Noise Asynchronous Motor
- 136 Study on the Encapsulation Technology of Easy-Deliquescence Scintillation Crystals
- 138 The System Model and Governance of the Bidding of Substation Engineering Bidding
- 140 Research on Engineering Quality of Highway Subgrade and Pavement Construction
- 142 How to Improve the Efficiency of Power Enterprise Administration Under the Background of the New Period
