DESIGN AND THEORY

- 036** Research on the Applications of Regional Cultural Elements in Modelling Design of Modern Tram
039 The Unity of Opposites Between "Less is More" and "Less is Bore" in Product Design
041 On Mascot Design in Colleges and Universities—Taking Shanxi Agricultural University as an example
043 Discussions on the Innovative Design Research of Household Blood Glucose Meter for the Elderly
045 Design and Research of Multi-Purpose Luggage for "Northern Drifting" Tenants
047 Research on Self-Balancing Vehicle Design
049 Research on Product Packaging Design under E-commerce Mode
051 Application of Additional Education in Children's Candy Packaging Design
053 Research on HTML5 Advertisement Design Based on Emotional Experiences
055 The Expression of Color in the Design of Children's Building-block Toys
058 Analysis on the Model Design and Emotional Design of Different Types of Children's Accompanying Robots
060 Research on Sustainable Design of Crib
062 Design of Portable Travel Bottle Based on User Behavior Contact
064 New Smart Toilet Design Strategy for Chinese Consumer Structure Upgrade
067 Research on the Design of Ferris Wheel revolving Garage
070 A research on the Design of Furniture with the Function of Earthquake Resistance and Disaster Prevention in the Office Environment
073 Study on Pet Furniture Design with Cat as the Research Subject
075 Study on Public Art Space Design of Urban Theme Parks—Take Disneyland for Example
077 Analysis on Landscape Planning and Design of Urban Parks from the Perspective of Urban Image
079 Research on Renovation Design of Activity Center of Songkou Old Age Association under the Concept of "Le Ling" and "Ecological Endowment"
081 On the Architectural Design of Mosques in the New Period
083 The Application of Public Art in Architectural Design—Xie Zilong Video Museum for Example
085 Adaptability Analysis of Residential Buildings in Cold Areas
