Covered by CAS, CSA, IC, CAB Abstract, Global Health, Chinese Scientific Core Journal, Chinese Scientific Journal

Contents

Original Article

Regulating effects of mangiferin on oxidative stress response and mitochondrial pathway apoptosis in spinal cord injury model 1

Qian-Kai Li, Jiang-Mei Li, Shi-Yan Chen

Serum Galectin-3 and sST2 contents in patients with chronic heart failure and their correlation with disease severity 5

Xing Liu, Bao-Xin Ma

Correlation of CD40 ligand and CXC ligand expression with inflammatory response and plaque properties in patients with coronary heart disease 9

Bo Zhang, Xiang Wan

Effect of tirofiban on inflammatory factors, endothelial function and cardiac function after interventional therapy in AMI patients 13

Cong-Cong Zhu, Liang-Yan Hu, Li-Feng Hong, Song-Hui Luo

Effects of adjuvant bupleurum injection therapy in perioperative period of PCI on myocardial damage, oxidative stress response and apoptosis	17
<i>Cong-Sheng Wu</i>	
Leptin receptor polymorphism in patients with asthma and its correlation with the disease progression	21
<i>Yu-Ming Qiu, Jian-Xiong Li, Cai-Xiang Chen, Hui Li</i>	
Correlation of Aurora family and TRPV family gene expression in acute myelogenous leukemia with disease progression	26
<i>Tuerhong Weinila, Abudourexiti Nuerbiya, Yimingniyazi Nueramina, Abudureheman Ayimunisa</i>	
Effects of Danshen Chuanxiongqin therapy on TXA ₂ /PGI ₂ , bone metabolism and stress levels after proximal femoral fracture surgery	30
<i>Xiao-Juan Shi, Wei-Hong Yang</i>	
Clinical observation of hysteroscopic surgery combined with ectopic pregnancy ii decoction and methotrexate in the treatment of cesarean scar pregnancy	34
<i>Ai-Li Wang, Yan-Xin Chen, Li-Xing Cao</i>	
Correlation of serum nutrient levels with immune cell differentiation and inflammatory response activation in children with pneumonia	39
<i>Hui Wang, Hai-Yan Zhu</i>	

Effects of gangliosides combined with family rehabilitation training on nerve injury, neurodevelopment and oxidative stress in children with HIE	44
<i>Ping Xu, Jie Liu</i>	
Effects of Ionicera granules + symptomatic treatment on serum indexes and immune function in children with hand-foot-and-mouth disease	48
<i>Ding-You Wu</i>	
Serum OPN and NF- κ B contents in children with Henoch-Schonlein purpura and their correlation with oxidative stress and cellular immune function	52
<i>Dan Wang, Tian Kang</i>	
Correlation of pituitary tumor transforming gene 1 with proliferation and invasion genes in prostate cancer	56
<i>Yang Yu, Fei Xiong, Zi-Qiang Dong, Xiao-Bo Chen, Chuan-Jiang Dong, Lu-Sheng Zhang</i>	
Correlation of serum HMGA1 levels in breast cancer lesion and serum with the pathological features of tumor	60
<i>Li-Juan Zhao, Wei-Yun Xu, Xiao-Hong Zhang, Jing Zhang, Zhen Zhang, Zhuo-Wei Tang, et al.</i>	
Effect of paclitaxel + cisplatin chemotherapy before radical operation for esophageal cancer on the malignant degree of tumor	64
<i>Wei Chen</i>	

Effect of diazocine combined with sufentanil analgesia after radical operation for esophageal cancer on the release of neurotransmitters and stress mediators	68
<i>Mao-Shun Su</i>	
Effects of Wnt/ β -catenin signaling pathway on the proliferation and invasive growth of cells in mantle cell lymphoma	72
<i>Wen-Di Zhang, Xiao Yu, Zai-Sheng Cai</i>	
Effects of adjuvant danhong injection therapy on nerve injury and platelet activation markers in patients with acute cerebral infarction	76
<i>Ya-Fang Liu, Yun-Qiong Shi, Jun Dai, Yong-Mei Huang, Mao-Qiu Nan</i>	
Clinical significance of Mr MRS in the diagnosis of early alzheimer's disease	80
<i>Yuan-Ming Jiang, Ming-Yu Ren, Jian-Nan Xiao, Xu Han, Bao-Ying Sheng</i>	
Effects of minocycline combined with periocline on the levels of inflammatory factors, ALP and NO in gingival crevicular fluid of patients with periodontitis	83
<i>Xiao-Li Yuan, Zai-Chun You, Li Wen, Kai-Lan Peng, Xin Zheng</i>
