中国科技论文统计源期刊 (中国科技核心期刊)

中国中文核心期刊

荣获全国第二届优秀科技期刊三等奖

智能化机器人、激光加工机器人等
智能化专机等

数字脉冲焊机、全数字控制电焊机、等离子
焊接机、切割机、坡口机、焊接辅机等

焊接材料：各种类型焊条；不锈钢、实芯、
药芯、埋弧焊焊丝；焊剂、焊带、焊丝；特
种焊接材料及系列产品等

各种疑难焊接修复工程：质量检测、石油焊
接、冶金焊接、电力焊接、化工焊接、容器
焊接、水利焊接、建筑焊接、全国焊接优秀
工程等

WELDING TECHNOLOGY

(Monthly)

Vol.46 No.3 (290), Mar. 2017

CONTENTS

·Summerization·

Research progress on residual stress and residual deformation of aluminum alloy FSW ZHU Shu-hong, XIA Luo-sheng (1)

·Test & Research·

- Effect of plasma powder surfacing parameters on microstructure and hardness of T800 surfacing layer XUE Hai-tao, WANG Han-qing, JIN Wei, et al. (6)
- Microstructure and properties of stainless steel welded joint by high power laser butt welding LI Xiao-ting, ZHU Bao-hua and JIANG Bai-lin (9)
- Numerical simulation of temperature field during friction stir welding for 5A06 aluminum alloy CUI Chao, WU Zhi-sheng, CHAI Fei, et al. (12)
- Microstructure and mechanical properties of ultra-thin stainless steel joint with laser beam welding YE Qing-feng, WANG Shao-gang, ZHAO Ya-xuan, et al. (16)
- Study on fatigue property of low-alloy steel weld metal by SAW ZHANG Jun-bao, Gu Yu (21)
- Effect on the welding heat input on the welding cold cracking susceptibility of steel plate XU Ke-wang, LI Shu-min, LU Xin-yu, et al. (25)

·Technology & New Technique·

- Study on friction hydro pillar processing of DH36 steel LUAN Chen-jie, WU Hong-xia, REN Sheng-han, et al. (27)
- Repair technology of vacuum brazing for superficial defect of K438 casting KONG Ya-hong, SHANG Yan-tao, TANG Hai-ping, et al. (33)
- Ultra short time fusion welding technology of Kovar alloy and copper micro joints AN Zhan-jun, YIN En-huai, LI Chao, et al. (36)
- Research of FSW technology of 6082 aluminium alloy in railway vehicle LU Er-jing, ZHAO Li-ling, YU Zhi-kai, et al. (39)
- Welding process of nickel base alloy composite steel pipe ZHANG Lei (42)
- Welding process of stainless steel 06Cr19Ni10 A-TIG YANG Jin-yu, LU Ke-ying, DONG Jun-jun, et al. (45)
- Study on process and anti-corrosion properties of welding using no gap groove of weathering steel with aluminum coating by arc spraying NI Bao-cheng, DONG Hong-da, FANG Xiao-zhong, et al. (49)

·Welding Equipment & Materials·

- Adaptability analysis of hot wire TIG welding equipment for flange sealing surface JIANG Qing-mei, ZHANG Xiao-qiang and YANG Jian-zhong (53)
- Study on ultra-low hydrogen and high toughness electrode CJ557HG for marine engineering HUANG Hui-qiang, LIU Yu-shuang, ZHANG Ya-ping, et al. (56)
- Development of 460 MPa assorted submerged arc welding wire for marine engineering LIU Dong, WANG Wen-yuan, WANG Zhong, et al. (60)
- Gas-shielded flux-cored arc welding procedure test of incoloy 825 nickel-alloy steel in LNG LV Zhi-jun (62)

·Welding Quality Control & Management·

- Effect of environmental temperature control measures on welding quality in winter ZHU Xiao-jun (65)
- Numerical simulation of welding stress field of ultra high strength steel box component with ultra thickness plate HUANG Jun, ZHAI Zi-yang, WANG Ke-hong, et al (67)
- Effects of welding current on welding spot quality of high strength steel nuts WANG Xiao-pei, ZHANG Yong-qiang, JU Jian-bin, et al. (72)
- Application of welding monitoring technology in railway vehicles welding process LIU Yong (77)
- Welding deformation tendency and improvement measures of J-shaped products based on finite element analysis method LIU Zhen-fei, WANG Li-fang, CHEN Wei, et al. (80)
- Application of part inspection technology of sub-sea oil pipeline PENG Wei (83)
