2020
第34卷

Contents

Design Scheme Comparison and Selection for the Gantry Crane Track in Haibowan Hydro-junction on Yellow River	LUO Zhiwang(1)
Structural Design of the Penstock in Tenglongqiao II Hydropower Station	ZHANG Rongbin(5)
On the Green Small Hydropower Station Construction in Shijiazhuang City	WU Junle, ZUO Yanxia, CHENG Qunwang(8)
Application of the Power Frequency AC Voltage Withstand Test Compensation Device for Isolated Phase Enclosed Bus in Hydropower Stations in Dadu River Basin	JIANG Shuo(10)
Optimization of the Construction Diversion Scheme for Mingjiang Longxikou Navigation Power Junction	LI Zhiwei, ZHANG Yichi, CHENG Haikun, YU Lingguang(13)
On the Potential Consequences and Emergency Treatment of Qiaowan Landslide near the Dam in Upstream of Xiluodu Reservoir	ZHANG Peng, ZHAO Peipeng(17)
Numerical Simulation of Wind Induced Wave in Jiangsu Rudong Sea Area	LIU Gongpeng, SUN Xiaojuan(24)
Comprehensive Treatment of Miaowanggou Flood Discharge Ditch in Shuibuya Hydropower Station	ZHOU Yun(29)
On the Soil and Water Conservation Effects of Two Treatment Schemes for Loose Slope in a Quarry	HONG Hao(32)
On the Design of the General Construction Schedule of an Offshore Wind Farm	WANG Zijun(36)
Analysis of the Total Seepage Flow through Shuibuya Dam before and after the Repair of the Face Slabs	YANG Hong, LI Guangyong, PI Junhua(40)
Back Analysis of the Linear Expansion Coefficient of Concrete in Gouptian Arch Dam	ZHU Xi, MO Hejian, WANG Zhihong(45)
Analysis of a Non-operation Fault of the RCS - 901G High Frequency Directional Protection	YU Ping, YAO Guoming(50)
Analysis and Treatment of a GIS Busbar Grounding Fault in Dagangshan Hydropower Station	LI Xiaofei, LI Xuijie(52)
Practice of the Utilization of Existing Reservoir in Wuyue Pumped Storage Power Station	PAN Junwei, XU Zhiwei(55)
Application of OPC Technology in the Renovation of the Centralized Control System in Bajiaohe Cascade Hydropower Stations	TANG Dong, ZHENG Mingyou, DONG Hailong(57)
Analysis and Treatment of Cracking of Hydro-turbine Runner in a Hydropower Station	SU Yanyi(61)
Exploration and Practice of the Whole Process Management Idea in Mountainous Wind Power Projects	ZHENG Shaoping, LI Changjie(65)
Analysis and Treatment of Stator Grounding Fault of Large-scale Hydro-turbine Generator Unit	MA Zhizhong, LIU Kaibing(67)
Analysis and Treatment of Abnormal Pressure in Technical Water Supply System in Zhentouba I Hydropower Station	JIANG Weiwei, TANG Yichao, ZHU Changxin(71)
Selection of the River Closure and Flood Discharge Scheme for Longdongwan Reservoir in 2019 based on Actually Measured Hydrological Dada	YUAN Qinkun, LI Bei, CHEN Lei(75)
