从利比亚撤离回国的中铁十一局利比亚项目员工

# 时评

## 梦想成就未来

# 关注

 本期焦点: 06

## 不断延伸的话题

有人说过这样的话: 平凡的人做好每一件平凡的事, 就会变得不平凡; 普通的人做好每一件普通的事就会变得不普通。黄才良人生的事业, 正诠释了这一点。他掌舵的武进建安八分公司, 不断推进规范化管理, 实现了良性发展, 为提升行业品质创造了经验。

## 三千员工大撤离

2月20日, 利比亚出现了政局动荡, 中铁十一局集团利比亚项目按照局指挥部的要求, 做好了粮食和淡水的储备; 21日上午, 40多名歹徒持械抢劫后, 又对两名女职工无礼, 项目党工委书记王昭仁下令自卫还击; 25日下午, 项目副经理孙义国临危受命, 将1450本护照从局指挥部取回发到沿线每一个人手中……

## 江森自控: 建筑节能先行者

“投资400万元, 总耗能降低30%, 三年即可收回成本。”江森自控在无锡实施的建筑节能改造项目, 不但展示了其领先行业的技术实力, 更让人看到了我国既有建筑节能改造的市场潜力。

### 特别鸣谢

### 国家特级企业——南通四建集团的大力支持

圣亚照明  
shengyazhoming

有限公司

长寿命节能型3.5K镇流器, 是本公司研发的专利产品, 它适用于建筑施工及高空作业的场所, 投放上海市场一年多的时间里, 客户反映良好, 本公司新产品与老产品相比具有如下优点 (见数据):

1. 施工方便: 采用一体化设计将镇流器、启动器、限流器、灯具主要部件构成一体, 并预留电源输入接线端, 不仅方便用户接线安装, 同时还提高了工程施工效率。
2. 节能: 老产品镇流器所产生的热能, 在新产品中转换成光能, 在照明效果相同的条件下, 节电0.8 - 1.2千瓦/小时。
3. 寿命长: 采用高电压、小电流设计, 老产品工作电流: 16-20A; 新款灯具工作电流: 7-8A, 减轻了镇流器电极的烧损及灯泡内胆铜片电流密度过大的缺陷。使镇流器的使用寿命延长到3000小时。本产品按国家规定执行“三包”。
4. 价格低廉: 由于新产品设计取消了镇流器, 不仅成本降低60%。同时电源铜导线由6mm<sup>2</sup>降至2.5mm<sup>2</sup>, 使每100m导线节省1000元。并解决了易过热燃烧的镇流器部件给工程带来的不安全隐患。

注: 灯具安装尺寸是均布在Φ100圆周上的三个Φ13通孔。

## 浙江申迪太阳能科技有限公司 ZHEJIANG SHENDI SOLAR TECHNOLOGY CO., LTD

- 禹王太阳能热水工程积极致力于建筑一体化
- 采用“集中集热-集中贮水-分户使用”的模式
- 根据用户情况选用单回路/双回路系统, 承压/非承压系统, 实现全天24小时供热水或定时供热水
- 可选用电加热/燃油/燃气/蒸汽/暖气等能源作为辅助热源
- 可实现太阳能系统的全自动化运行和远程监控

# MAIN CONTENTS 英文要目

## 06 Topic continually expanding

It is said that an ordinary person who can do ordinary work well will become extraordinary and common people who do common things well will become outstanding. This saying is perfectly interpreted by the career of Huang Cailiang. He shows his own values, seeks for career turning points and realizes his ordinary yet great dreams.

The author has conducted multiple interviews about the Eighth Filiale of Jiangsu Wujin Construction & Installation Engineering Co., Ltd. and has got a lot of information. Reports on the company in five successive issues of Construction cover multiple angles and multiple aspects of the experience and nature of the company which are still insufficient for many people.

This is, perhaps, the power of model.

## 14 Withdrawal of 3,000 people

Back, we are back!

In the early morning of Mar. 3, 2011, peasant-worker Zhou Deshun from Huangpi, Hubei Province working for Libya project of China Railway 11th Bureau Group Co., Ltd., who took the chattered plane to Beijing Capital International Airport after withdrawal from Libya to Tunisia, said in tears that: "I would have not come back if there is no such a powerful country. Coming back from Libya, I have really realized the greatness of the Party!"

## 32 Singing in Guangzhou

Guangzhou International Sports and Entertainment Center, holding 42 basketball games during the 16th Guangzhou Asian Games in 2010 and honored "phoenix's nest", has perfectly turned up and become a new culture and entertainment landmark in Guangzhou and even the whole Pearl River Delta region. In 2008, Beijing Urban Construction Group came to this old yet energetic land in the south of Five Ridges and started the friendly relations with Guangzhou thanks to the Guangzhou International Sports and Entertainment Center project. This great opening starts a promising and hopeful age.

## 49 Zhang Yuefei makes his own advances in the sea of business

In Jul. 1969, Zhang Yuefei was born in an old and well-known construction family in Dongyang city—the home of construction. Nurtured by the family and influenced by the elder generation, Zhang Yuefei showed strong interest in construction. In 1986, 17-year-old Zhang Yuefei was not satisfied with his comfortable and easeful life at home and came to Guangzhou to find a job. During his stay in Guangzhou for four years, Zhang Yuefei was once a putter, a loader and a mason. He has been working and learning knowledge about application and operation guidelines of new conceptions, new materials and new technologies. During the spare time, when his fellow workers drank iced beer to refresh themselves and were indulged in Babylon, exhausted Zhang Yuefei reviewed and cleared up his achievements in the whole day because he knew that nobody can make bricks without straw.
