Expert's Forum

3 515 Analysis of "Electriferous Building" Phenomena Wang Houyu

Standard and Code

6 518 Personal Opinion on the Edition 2009 *The Compulsory Provisions of Engineering Construction Standards* (Finished) Li Shunkang

10 522 Experiences on the Compilation and Application of *Code of Design on Tobacco Buildings Fire Protection and Prevention* Deng Zhao

Power Supply and Distribution

14 526 Discussion on the Capacity Check of Stand-by Diesel Generator in Civil Buildings Li Liangsheng

18 530 Fault Analysis of a Relay Protection Override Trip and Discussion on the Relay Protection Selectivity Chen Ruzhong

21 533 Application of Sine - wave Discharge Power Supply in Charge-discharge of Storage Battery Wang Baocun Li Weijing Yan Zhong Lu Haixin Zhang Yunlong

Electric Energy Conservation

24 536 Design and Application of Energy Conservation Monitoring System for Campus Buildings* Wan Li Wang Peng

Lightning Protection and Earthing

28 540 Analysis and Zoning of Vulnerability to Lightning Disasters in Tangshan* Wang Aijun Chai Rui Miao Guorong

33 545 Lightning Risk Assessment Method of Petrochemical Projects* Ding Min Gao Wenqiang Yan Xu

Electrical Fireproofing

38 550 Prevention of Electrical Fire in Commercial Buildings Li Yue long Li Quancheng

Cables and Wires

43 555 Inapplicability of Aluminum Alloy Cables in Power Distribution System of Residential Buildings Zhang Wei
