## CONTENTS

Speech delivered at the 15th Academician Assembly of Chinese Academy of Science and 10th Academician Assembly of Chinese Academy of Engineering .....	HU Jintao (1)
The construction and running mechanism on common and key technology innovation alliance of domestic automobile industry .....	LI Dianwei, LIU Wen, WANG Hongda (5)
Analysis on the role of research institutes in the construction of innovation - based cities .....	FAN Xu, GU Fei (9)
Summarize on the researches of regional innovative milieu .....	XIANG Qinghua , ZHAO Jianji (15)
Research on the status of technology business incubators in the regional technology innovation .....	ZHANG Peng, GAO Dahong (19)
Incentive design for independent innovation on old industrial bases state - owned enterprise products .....	LIU Dehai, CHEN Xiaoning, CAO Yannan, XU Weijun (23)
Research on the involvement in enterprises new product development by adopting lead users .....	WU Wei (28)
The empirical study on technological innovation activity by financing arrangement of China private enterprise: take chemical industry enter - prise OEM as an example .....	SHEN Xiangguang, ZHAO Lili, SONG Xiaozhong (33)
Analysis of environmental factors impact on enterprise open innovation trend .....	XIAO Yuefeng, GONG Mingqing (36)
Construction and prospect of scientific data sharing policy & regulation in China .....	LIU Runda, PENG Jie (40)
The role of government for industrial transfer in the Pearl River Delta .....	KUANG Guoliang, WANG Jing (44)
A comparative analysis of performances of innovation - oriented fiscal policies between Guangdong & Taiwan .....	DAI Ming, GE Zhizhuan (47)
The study of policy and measures for boosting modern service industries development of Guangdong province .....	WU Dan, HU Ling, CHEN Liying, YAN Junhua (50)
Concise analysis of scientific and technical strategy on making China strong in civil aviation .....	JIANG Weihua, YAN Jun (53)
Research on the specific incubator and its development in China .....	LI Yunhe, LI Zhan (58)
An initial exploration on some restrictive factors of industry transposition park .....	HUA Jinke (62)
Countermeasures to the development of the information construction of logistics industry: a case study of Hefei .....	YANG Wansu, WU Kunling (65)
The analysis on experience of 'industry - academy - research' cooperation from developed countries and its inspiration to Changzhou .....	DONG Haihua, HONG Xiao (70)
The evaluation on the high - tech resources input and output effect: taking Jiangsu province as the example .....	ZHAO Guanbing, LIU Pengyu, WAN Wu (73)
Research on graduate training of top - notch creative talents performance evaluation .....	WANG Lin, CHANG Guangdong, WU Yaohong (75)
The construction and analysis of the evaluation system of university science and technology innovation ability .....	ZHANG Xichun, MA Weihua, JIANG Xinghua (80)
The influence of overseas - funded enterprises on the efficiency of science and technology activities of large and medium - sized industrial firms in China .....	CAO Maofeng (84)
Study on investment risk indicator and coefficient measurement of agricultural high - tech projects .....	FENG Zhen, ZHANG Suodi (88)
One fuzzy comprehensive evaluation method on university intellectual capital .....	SUN Lirong (91)
Research on quality grade evaluation of internet information resources based on extension theory .....	YIN Yayu, TU Zhenzhou, WANG Zhong (94)
Measurement on performance of university scientific research using CNKI and H index .....	DING Fuhu, ZHANG Shuichao (97)
Research on the cross - administration construction of the Yangtze river delta innovation system .....	CAO Weitan, HAN Ying, CUI Weijun, YU Ling (101)
Resource transformation of cultural creative industries and reconstruction of regional brands: a case study of Jingdezhen ceramics cultural creative industries .....	FANG Wenlong, HU Yingqun (105)
The measurement of informationization level and its contribution to the up - rising of the central China and its sustainable development .....	LI Lizhi (108)
Research on sci - tech development status and countermeasures of scientific research institutions in Guizhou .....	FANG Fang, MAO Taiping (113)
The evaluation on the technological innovation performance of high - tech industry in western China based on DEA .....	LIU Yufen, ZHANG Mu (119)
Brief talk on communication of the innovation team of science and technology in universities .....	LIU Yixin, ZHANG Wei, YAN Huichao, LV Jianqiu (122)
Analysis of financial input - output efficiencies in science and technology of all colleges and universities in China: research based on the panel data from 1992 to 2007 .....	WANG Chuhong, YANG Gansheng (125)
Reformation of university's research management based on the context of synergetics .....	GAO Songyuan (130)
Study on the quality assessment of management students competency: based on grey hierarchy model .....	CAO Jie , ZHONG Congyou (133)

A study on the development status and countermeasures of university defense research .....	ZHANG Ming, JIANG Xinghua (137)
An empirical study on evaluating science and technology innovation capability of Jiangxi universities .....	CHEN Linxin (140)
Study on cooperation mode of production, teaching and research in local universities from the perspective of practical talents .....	PENG Xu (143)
'Knowledge, consciousness, abilities, behaviors,' four in one' s model of the intellectual property rights of higher education .....	LIN Lin, ZHANG Yingjie, HU Yunyin (146)
Implementation and realization of motivation compatibility on university research teams in transition period .....	HUANG Yu, LI Zhanguo, FENG Aiming (150)
A study on the development of petroleum industry based on the industrial ecology .....	YANG Ruijuan, LI Junting (153)
The condition for successful implementation of diversification strategy: a case study for China pharmaceutical industries .....	LIANG Chen, BIAN Ying (157)
Process classification research based on value chain .....	GUO Zhongjin (161)
Review on the newsvendor problem under supply chain environment .....	LIU Haijun, CHEN Juhong (164)
Knowledge reuse during product green design based on extension theory .....	WANG Qulian (167)
Preliminary research on the construction of food additive green ecology chain .....	CHEN Youhong (172)
Analysis of executive's strategic compensation system .....	WANG Qianwei , ZHANG Xiangqian (175)
The performance assessment model of learned workers in new technology enterprises: take Shenzhen ZTE mobile communication co., ltd for example .....	HU Zhongwen, XIA Hongsheng (180)
Analysis of the market incentive system of the entrepreneur innovation .....	KONG Xianxiang (184)
Construction and implementation of workplace mental health promotion system of employee .....	WANG Yanfei, ZHU Yu (188)

A study on the customer knowledge management of automobile after - sale service .....	YU Li (207)
The learning and innovating mechanisms of network organization .....	SUN Guoqiang, SONG Jingli (211)
Introduction strategy study of firm's XBRL technology standardization in competitive environment .....	ZHAO Xianming, ZHANG Tianxi (215)
The research of inventory management based on ERP II : take the ATP and seven columns account of Jianshi for example .....	WANG Huifen, YANG Liping, WANG Xuegen, HE Mingxin, LI Wen (218)
Study on the evaluation of the basic and welfare information system .....	CHEN Zhongliang, SHANG Jianga, GAO Yingying (223)
Study on the enterprise information survey based on entropy - right theory .....	CHEN Li (227)
The logic validation and interfacial alert in financial software application .....	ZHANG Youfeng (231)
Online adaptive test system design based on components .....	ZHENG Ying, ZHENG Shiliang (236)
Research on comprehensive evaluation methods of municipal competition: taking Jiangxi province for example .....	WANG Ying, YAN Tao (239)
Sustainable development assessment on county system .....	LIU Jie, GAO Huijun, ZHANG Meiying, GU Xiaodong (243)
Province based on the improved BP algorithm .....	CHEN Nan, TAI Xiaohong (247)
About the investigation of Shaanxi public library ancient book protection situation .....	ZHAI Shujun (250)
Study on search engine's credibility anomaly from the view of media perspective: based on research of valuable search .....	JI Zhenxing, JIN Xiaozhao (254)
Applications of statistical operations models in Nano manufacturing risks assessment .....	HE Zhen, ZHANG Kai (257)
A safety assessment method for implement 3 nautical miles separation minima in ADS - B surveillance control .....	HUANG Jin (262)
Research on the pricing forming mechanism and determining model of technology information resources .....	MIAO Fangyu, WANG Guan (266)
Research on synergistic dynamical mechanism for regional cooperative healthcare system for medical resources optimization deployment .....	WANG Shu, WANG Hengshan, WANG Yunguang (270)
Expected value model based risk programming of virtual enterprise .....	MENG Fanli, LU Fuqiang (276)
Research of project dynamic risk management based on Hall three dimension structure .....	YANG Yang, ZHAO Yingchao, MA Youcai (280)
Cost - utility analysis based on decision - made model research on the external wall insulation engineering .....	CAI Jianguo, ZHOU Qingrong (283)
On the phased development and characteristics of people - oriented management in economic organizations .....	FAN Qing (286)
On the legitimacy of ethical medicine from the perspective of the philosophy of scientific practice .....	WU Zhiyuan (289)
The history evolution of the relationship between engineering and technology .....	ZHANG Ling (294)
Institutional characteristics of scientific fund cultures .....	ZHANG Hengli, LI Dongsong (299)
Why do they think their contributions are revolutionary: comments on Cohen's view of scientific revolution .....	LIN Shifang, LUO Shunyuan (304)
