CONTENTS

Review

- Dynamics and control of spacecraft formation flying in earth orbit
.....SUN Jun HUANG Jing ZHANG Xianliang HUANG Tingxuan (117)

Applied Research

- Resonant fracture of layered cylindrical piezoelectric sensors loaded with viscous liquid
.....ZHAO Yue CHEN Hongqian JU Limei (137)
- Experimental study of seismic performance of section steel-steel plate concrete composite wall
.....WANG Lai MA Jianglin LI Xin WANG Jinxin (145)
- Mechanical analysis of simply supported beam based on classical laminated plate theory
.....CHEN Lingli ZHAO Xiaoyu (152)
- Design of lateral soil pressure model test scheme for adjacent composite foundation
.....LI Mingyu QIAN Yuben GUO Yuancheng WEI Yanqing ZHAO Shiyong CUI Xinlei (157)
- Influence of sedimentary direction on shear strength of saturated dense sand in consolidated drained triaxial test .
.....LUO Qiang TANG Zhen WANG Zhongtao MA Keshuan JIANG Gengmin XIE Xiaokang (164)
- Experimental study of mechanical properties of water-cooled granite under high temperature
.....CHEN Yu XU Nengxiong QIN Yan XIE Yuan (171)
- One-dimensional nonlinear consolidation theory for soft ground with consideration of secondary consolidation
.....LIU Quan DENG Yuebao WANG Tianyuan MAO WeiYun (178)
- Theoretical analysis of the decrease of the strength of reinforced soil
.....LEI Shengyou HUI Huiqing (184)
- The modified triples algorithm for flush air data sensing system applied to the vehicle with blunt fore-bodies
.....WANG Peng (188)

Research on Education

- Review on American textbooks of statics CHEN Liquan (196)
- Major-oriented teaching of fundamental mechanics courses WU Aihui (202)
- The visual experimental teaching method for material failure KONG Dewen WANG Lingling (206)
- Teaching and assessment practice of the course of theoretical mechanics uniting four types of classrooms
.....ZHANG Juan WANG Yan YU Long (210)
- A new teaching method of engineering fluid mechanics course
.....WANG Liang XUE Rui CAI Ning SHANGGUAN Jianfeng LIU Minghui ZHOU Xin (216)
- ANSYS and teaching of mechanics of materials ZHOU Xiaomin SUN Zheng (222)
- Principle and application of stiffness-distribution diagram multiplication method
.....ZHENG Yuguo WANG Yu SONG Yingliang (227)

Professor's desk

- Vertical impact problem Wang Kaifu (233)

The Field of Mechanics

Mechanics scientists

- Inheritance, development, exploitation, innovation LI Jiachun (234)
- Inherit the ideal and pursuit of Mr. Guo Yonghuai QIN Wei (235)

On mechanics around us

- Scientific fantasy and reality—talk about the film “The Wandering Earth” LIU Yanzhu (237)
- Is sonic-boom-cloud related to sonic boom? ZHANG Hua (239)
- Rigid equilibrium as exemplified by birds standing on a branch
.....Zhang Weiwei Xue Shuhang Wang Zhihua (244)

Book review

- Introduction of *Interesting Stories about Strength of Materials—from Things around Us to Scientific Studies*
.....JIANG Chiping (247)

Random notes on terminology

- On flow in porous media LIU Junli (249)

- Question (253)
