## 目 次

### 林业技术与林业经济

#### VR 技术在种植设计中的应用研究

- 以植物造景季相变化虚拟仿真实验教学为例 ..... 邱 婷 陈祖建(1)  
英德林场不同类型林分生长及生态效应 ..... 李裕和 李玲珍(7)  
基于 CiteSpace 的我国森林火灾研究可视化分析 ..... 宫大鹏 闫 淳 郝慎思 郭赞权(11)  
罗浮锥轻型基质容器育苗关键技术 ..... 曾建雄(17)  
病虫害防治在园林绿地养护管理中的应用 ..... 樊晓英(20)  
千岛湖国有林场经营现状与提质发展对策 ..... 徐高福 许梅琳 徐邓幸(23)  
花榈木有性繁殖技术研究进展 ..... 崔子佳 马学忠 王程旺(27)  
“海之星”免疫增强型壳寡糖生物制剂对红花檵木冻害恢复的研究 ..... 孙铭远(31)  
古树名木保护修复技术 ..... 隋天全 曲晓燕(36)  
Arcgis 在“林业二类森林资源调查”中自动编小班号的应用 ..... 王 冰(41)  
绿色植物生长调节剂 GGR 系列在江西林业上的应用效果 ..... 廖文胜 唐梅开 宋希娜 姜晓装(45)  
不同氮肥类型下杨树苗木生长及积累碳氮的效果研究 ..... 谢晓勇(49)  
3 种药剂除治薇甘菊研究 ..... 韦美满(52)  
吉林省重点国有林区森林资源现状调查研究 ..... 谢振财 邵殿坤(56)  
乌奴耳林业局黑桦卷叶蛾的发生与防治 ..... 赵文程(60)  
冀州区柰树耗水特征研究 ..... 肖永青 刘志炜 王冰鹤 许 叶 董 阳(64)  
小叶杨防护林生长及林下土壤特征分析 ..... 贾文娟(68)  
新干县林业产业现状及现代林业产业发展对策 ..... 廖三腊 黄雪龙 廖 露(72)  
会理市华山松材果两用林质量精准提升技术

- 以太平镇的樟木村和大村为例 ..... 沙马拉洛(76)  
云杉育苗造林抚育管理技术 ..... 李小伦(80)  
大数据时代森林资源监测的应用 ..... 刘学斐(83)  
半干旱地区樟子松造林技术 ..... 杨秀娟(86)  
智慧林业助力森林资源管护 ..... 赵怡琼(90)  
佛甲草屋顶绿化前景分析 ..... 单伟红 张玉芳 张 军 李 森(93)  
威信县天然方竹林资源及阻止种群退化培育技术 ..... 黄 维 董文渊(96)  
杉树速生丰产主要造林技术研究 ..... 孔玉琴(99)  
多用途树种乌桕的开发利用价值与栽培关键技术 ..... 傅晓军 胡茂松 黄 飞 廖文胜 罗 洪(103)  
城市园林植物病虫害的特点与生态防治对策 ..... 程爱玲(107)  
陕北油松育苗和造林技术分析 ..... 陈 琦 赵永涛 马双勇 张宏智(110)  
南蛇藤的价值及应用 ..... 毛佛有(114)

|                                                   |                              |
|---------------------------------------------------|------------------------------|
| 国有林场森林抚育采伐关键技术                                    | 赵瑞香(118)                     |
| 伐区调查设计存在的问题及对策研究                                  | 朱祖庚(121)                     |
| 珍稀物种柚木种子育苗及栽培技术                                   | 李锦红(124)                     |
| 吉安市油茶产业发展现状、存在问题与对策                               | 唐丽英 袁 明 肖琴琳 罗 洪(128)         |
| 北方地区苗圃绿化大规格乔木培育和移栽技术                              | 王 洋(131)                     |
| 营林生产中影响林木生长的病虫害                                   | 张培军(135)                     |
| 提高林业工程中现代营造林质量的实践研究                               | 高远宗(138)                     |
| 鲁北地区世行贷款林业项目管理及发展探究                               | 盖志君(142)                     |
| 利用国有林场森林资源促进自然教育发展                                | 钟丽华(145)                     |
| 加快下马塘镇区域林业经济发展的对策及建议                              | 刘宏勇(148)                     |
| 辽宁省经济林产业发展存在的问题及解决策略                              | 李翔宇(151)                     |
| 园林绿化工程中的成本控制                                      | 段 玲(154)                     |

## Application Research of Virtual Reality in Planting Design

|                                                                                                                                                                         |                                                             |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------|
| ——Take Virtual Simulation Experiment Teaching as an Example .....                                                                                                       | Qiu Ting Chen Zujian(1)                                     |
| Growth and Ecological Effects of Different Forest Types in Yingde Forest Farm .....                                                                                     | Li Yuhe Li Lingzhen (7)                                     |
| Visualization Analysis of Domestic Forest Fire Research Based on Citespace .....                                                                                        | Gong Dapeng Yan Chun Hao Shensi Guo Zanquan(11)             |
| Key Technology of Seedling Cultivation on Light Matrix in <i>Castanopsis Faberi</i> .....                                                                               | Zeng Jianxiong(17)                                          |
| Application of Pest Control in the Maintenance and Management of Garden Green Space .....                                                                               | Fan Xiaoying(20)                                            |
| Countermeasures of State-owned Forest Farm Management Status and Upgrading Development in Thousand-isle Lake .....                                                      | Xu Gaofu Xu Meilin Xu Dengxing(23)                          |
| Research Progress on Sexual Reproduction Technology of <i>Ormosia Henryi</i> .....                                                                                      | Cui Zijia Ma Xuezhong Wang Chengwang(27)                    |
| Effect of “Haizhixing” Immunity-enhancing Chitooligosaccharide Biological Preparation on Recovery of <i>Loropetalum Chinense var. Rubrum</i> from Freezing Injury ..... | Sun Mingyuan(31)                                            |
| Preliminary Study on Protection and Restoration Technology of Old and Famous Trees .....                                                                                | Sui Tianquan Qu Xiaoyan(36)                                 |
| Application of Arcgis in Automatic Class Numbering in “Second Class Forest Resources Survey” .....                                                                      | Wang Bing(41)                                               |
| Application Effect of GGR Series of Green Plant Growth Regulator in Jiangxi Forestry .....                                                                              | Liao Wensheng Tang Meikai Song Xina Jiang Xiaozhuang(45)    |
| Effects of Poplar Seedling Growth and Carbon and Nitrogen Accumulation under Different Nitrogen Fertilizer Types .....                                                  | Xie Xiaoyong(49)                                            |
| Preliminary Report on the Treatment of <i>Mikania micrantha</i> by Three Chemicals .....                                                                                | Wei Meiman(52)                                              |
| Study on Forest Resources in Key State-Owned Forest Areas Investigation of Jilin Province .....                                                                         | Xie Zhencai Shao Diankun(56)                                |
| Occurrence and Control of <i>Betula platyphylla</i> in Wunur Forestry Bureau .....                                                                                      | Zhao Wencheng(60)                                           |
| Study on Water Consumption Characteristics of Luanshu in Jizhou District .....                                                                                          | Xiao Yongqing Liu Zhiwei Wang Binghe Xu Ye Dong Yang(64)    |
| Analysis of Growth and Soil Characteristics Under the Protection Forest of <i>Populus Microphylla</i> .....                                                             | Jia Wenjuan(68)                                             |
| Present Situation of Forestry Industry and Development Countermeasures of Modern Forestry Industry in Xingan County .....                                               | Liao Sanla Huang Xuelong Liao Lu (72)                       |
| Accurate Quality Improvement Technology of Huashan Pine and Fruit Dual-use Forest in Huili City                                                                         |                                                             |
| ——Take Zhangmu Village and Da Village in Taiping Town as an Example .....                                                                                               | Shamaralo(76)                                               |
| Management Techniques of Spruce Seeding Raising, Afforestation and Tending .....                                                                                        | Li Xiaolun(80)                                              |
| Application of Forest Resources Monitoring in the Era of Big Data .....                                                                                                 | Liu Xuefei(83)                                              |
| Afforestation Techniques of <i>Pinus Sylvestris var. Mongolica</i> in Semi-arid Areas .....                                                                             | Yang Xiujuan(86)                                            |
| Smart Forestry Helps Manage and Protect Forest Resources .....                                                                                                          | Zhao Yiqiong(90)                                            |
| Analysis on the Prospect of Roof Greening of Henna .....                                                                                                                | Shan Weihong Zhang Yufang Zhang Jun Li Sen(93)              |
| Analysis on Natural Bamboo Forest Resources in Weixin County and Cultivation Techniques to Prevent Population Degradation .....                                         | Huang Wei Dong Wenyuan(96)                                  |
| Research on Main Afforestation Techniques for Fast-growing and High-yield Chinese Fir .....                                                                             | Kong Yuqin(99)                                              |
| Application Value and Key Cultivation Technology of <i>Sapium Tallow</i> .....                                                                                          | Fu Xiaojun Hu Maosong Huang Fei Liao Wensheng Luo Hong(103) |
| The Characteristics of the Diseases and Ecological Control Countermeasures are Expounded .....                                                                          | Cheng Ailing(107)                                           |
