# Contents

## Variety and cultivation

- Mechanized Cultivation Technology of Soybean Wide-ridge Close Planting in Nenjiang County ..... HAN Chunjun(01)  
Peanut Variety Test and Evaluation in Heishan Country ..... YAN Gang(03)  
Analysis on Wheat Whole Course Mechanized Production Technology and the Benefit ..... PAN Sichen(06)

## Soil-fertilizer and Environment

- Analysis on Application Effect of Middle Element Soluble Fertilizer on Tomato ..... WANG Fang(09)  
Experiment on the Effect of Basal Application Biogas Manure on Wheat Seedling Condition Before Winter and the Yield  
..... ZHANG Qiju, DONG Shuhua, CAI Yujin(11)  
Effect of Carbon Matrix Controlled-release Fertilizer on Peanut Growth Characteristics and Yield ..... TAO Shuyu(13)  
Preliminary Study on Application Effect of Soil Conditioner on Rice Soil ..... LANG Jiaqing(16)  
The Primary Experiment on Water-soluble Fertilizers Containing Smino Acids on Cucumber Yield-increasing Effect ..... LI Wei(21)  
Effects of Fertilizer on the Maize Yield and Quality ..... SUN Xiaodan(23)

## Forestry and Plant Protection

- Transplanting Technique of Big Trees in Dandong Area ..... TENG Yunping(25)  
Reed Weed Distribution and Control in Panjin City ..... WANG Yang(28)

## Agricultural Engineering

- The Design of 1ZD-1200 Type Self-propelled Multifunction Double Farmland Machine ..... BAO Xibo(30)  
Research on Greenhouse Rainmaker Control System of Industrialized Seedling Production ..... LIU Wei(33)  
Design of Hydraulic Test Bench Loop Based on PLC ..... XU Xiaodong, LEI Fuxiang, LI Yifeng, XIAO Ailing(36)  
The Design of Snowplow and Its Hydraulic Control ..... YAN Aimin(40)  
Research on Control Platform Technology for Lean Electricity Marketing ..... WANG Songwei, ZHAO Dan(43)  
Research Comment on Probability Available Transfer Capacity ..... FENG Tingting, WANG Yanze, XIE Yipeng(46)  
Research on Station Arch Dam Structural Stress of Qinglong Hydropower ..... YANG Bin(49)  
The Change of the Quality of Fresh-cut Asparagus Lettuce during the Low Temperature Storage ..... YE Chunmiao(54)  
Design of Internal Mold for High Precision Cold-drawn Steel Tube ..... SUN Leihou(56)  
Processing Mode of Field Mechanization for Maize Straw Comprehensive Utilization in Changtu Country ..... ZHAO Yongsheng(59)  
Research Progress on Extraction Technology of Total Flavonoids from Eclipta Alba ..... LÜ Xue(61)  
Research Progress on Extraction and Purification and the Biological Activity of Lycium Barbarum Polysaccharide ..... LIU Na(63)  
Research Progress on Extraction Technology of Catalpol in Rehmannia Glutinosa ..... HOU Li(65)  
Research Progress on Extraction Purification and Biological Activity of Polysaccharide ..... WEI Caiyun(67)  
Research Progress on Seed Germination of Bitter Gored ..... YU Mingyan(69)

## Technology Extension

- Application and Development of Maize Water-saving Irrigation Mechanization Sowing Technology ..... MA Xing(71)  
Research on the Development of Paddy Direct Seeding Technology and Machines ..... SUN Wanqin(73)  
Discussion on the Development of Peanut Production Mechanization in Whole Process ..... CHANG Liang(75)  
Analysis on the Effect of High Standard farmland Construction in Liaoning Province  
..... ZHONG Gang, AN Hefeng, HONG Chongchun(78)  
Recycling and Management of Pesticide Package Waste ..... YI Hongfu(80)  
Agricultural Locomotive Maintaining Measures in Winter ..... WANG Hui(82)

## Forum and Communication

- Discussion on Method of Test and Evaluation for Agricultural Machinery Vocational Skills Verification ..... QU Wentao(84)  
The Significance and Theoretical Basis of Developing Agricultural Standardization in Liaoning Area  
..... GU Yue, CHEN Jing, TAO Peng(86)  
The Necessity and Basic Idea of Transforming Agricultural Development Model ..... LIU Qiang(89)  
The Significance and Strengthening Measure of Agricultural Machinery Security Control ..... LI Xuejing(91)
