### 目次

#### ● 论 文

|                                                |                      |
|------------------------------------------------|----------------------|
| SWCWARMS 模式不同起报时次对“18·05·21”强降水过程的预报能力评估 ..... | 陈朝平, 卢 萍(1)          |
| 突发性强对流天气快速识别预警改进方法 .....                       | 李朝华, 王 磊, 衡志炜(10)    |
| 青藏高原那曲地区一次对流云降水的数值模拟 .....                     | 侯文轩, 华 维, 郭艺媛, 等(18) |
| 滇西北高原机场一次暴雨过程的水汽输送特征分析 .....                   | 代冰冰, 高云峰(29)         |
| 两次西行台风登陆对凉山州影响对比分析 .....                       | 吕俊杰, 牟端霞(34)         |
| 南印度洋偶极型海温与中国西南地区初秋降水的关系 .....                  | 黄天赐, 华 维(41)         |
| 2009 ~ 2019 年大渡河上游暴雨的时空分布和环流特征分析 .....         | 刘新超, 黄 瑶, 宋雯雯, 等(48) |
| 雅安地区降雨时空变化特征研究 .....                           | 王俊骅, 唐 沛(54)         |
| 西南地区夏季高温热浪时空分布特征及其成因 .....                     | 黄小梅, 仕仁睿, 刘思佳, 等(59) |
| 双流机场一次低能见度天气过程分析 .....                         | 岳 炼, 段 炼(66)         |
| 四川 CLDAS 5km 小时能见度实况产品与能见度观测站资料质量对比评估 .....    | 蒋雨荷, 黄晓龙, 李施颖, 等(73) |
| 人工影响天气改善空气质量的机理探讨 .....                        | 李良福, 林 勇, 罗泳平, 等(79) |
| 成都市大气污染与气象条件关系分析 .....                         | 赵福燕, 陈朝平, 王 凌, 等(85) |
| 不同降水强度下风廓线雷达谱矩特征与测风准确性分析 .....                 | 康 雪, 许 晨, 张恬月(90)    |

|                                                                                                                                                          |                                                 |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------|
| Prediction Ability Assessment on SWCWARMS Model Using Different Starting Times during Case “18 · 05 · 21” .....                                          | CHEN Zhaoping, LU Ping(1)                       |
| Improved Method for Rapid Identification and Warning of Sudden Severe Convection Weather .....                                                           | LI Chaohua, WANG Lei, HENG Zhiwei(10)           |
| Numerical Simulation of a Convective Cloud Precipitation at Naqu on the Tibetan Plateau .....                                                            | HOU Wenxuan, HUA Wei, GUO Yiyuan, et al(18)     |
| Analysis of Water Vapor Transport Characteristics during a Rainstorm at Northwestern Yunnan Plateau Airport .....                                        | DAI Bingbing, GAO Yunfeng(29)                   |
| Contrastive Analysis of the Impact of Two Westbound Typhoons in Liangshan .....                                                                          | LV Junjie, MOU Duanxia(34)                      |
| Relationship between the South Indian Ocean Dipole and the September Precipitation in Southwest China .....                                              | HUANG Tianci, HUA Wei(41)                       |
| Spatial – Temporal Distribution and General Circulation of Rainstorm over the Upper Reaches of Dadu River in 2009 – 2019 .....                           | LIU Xinchao, HUANG Yao, SONG Wenwen, et al(48)  |
| Study on Spatial – Temporal Variation Characteristics of Precipitation in Yaán Area .....                                                                | WANG Junyi, TANG Pei(54)                        |
| Spatial – Temporal Characteristics and Causes of Summer Heat Waves in Southwest China .....                                                              | HUANG Xiaomei, SHI Renrui, LIU Sijia, et al(59) |
| Analysis of A Low Visibility Weather Process in Shuangliu Airport .....                                                                                  | YUE Lian, DUAN Lian(66)                         |
| Comparison and Evaluation of the Data Quality between CLDAS 5km Hourly Visibility Products and Visibility Observation Stations in Sichuan Province ..... | JIANG Yuhe, HUANG Xiaolong, LI Shiying(73)      |
| Discussion on the Mechanisms of Weather Modification for Air Quality Improvement .....                                                                   | LI Liangfu, LIN Yong, LUO Yongping(79)          |
| Analysis of the Relationship between Air Pollution and Meteorological Conditions in Chengdu .....                                                        | ZHAO Fuyan, CHEN Zhaoping, WANG Ling, et al(85) |
| Analysis of Spectral Moment Features and Profiler Detection Accuracy of Wind Profiler Radar under Different Precipitation Intensity .....                | KANG Xue, XU Chen, ZHANG Tianyue(90)            |
