2022 年 第 35 卷 第 11 期

## 目 次

### 教学研究

外科学总论实验课的课程思政教学探索 ..... 谢 哲 陶 敏 王 欣 等 (1588)

### 临床科研分析

3D 打印模具引导与徒手插植治疗宫颈癌剂量学比较 ..... 张 婷 邱凌平 殷皓泽 等 (1592)

食管肿瘤厚度联合中性粒细胞与淋巴细胞比值在诊断术前食管癌 T4 分期的临床价值 ..... 李婷婷 (1595)

胃旁路术后低钠血症并发脑桥中央髓鞘溶解症一例 ..... 卢姝妤 张 章 许淑芳 (1598)

排气康复操在腹腔镜胆囊切除术后患者康复中的效果评价 ..... 吴晓娟 黄 丹 倪舒怡 (1601)

NLRP3 炎症小体在热应激损伤中的作用研究 ..... 杨丽丽 李 斌 倪海东 (1604)

子宫颈扩张双球囊结合人工破膜对分娩结局的影响 ..... 陈慧连 (1607)

产前超声技术对凶险型前置胎盘合并胎盘植入的检查与诊断作用分析 ..... 秦玉芳 (1610)

气道分级管理下差异化胸部物理干预对老年重症肺炎机械通气患者呼吸功能、呼吸机相关性肺炎的影响 ..... 卫晓梅 黄惠丽 常俊辉 等 (1613)

重型颅脑创伤患者行控制性阶梯式颅内减压手术治疗的效果分析 ..... 叶益军 杨 捷 梁 鄂 (1616)

超声弹性成像技术用于甲状腺增生及腺瘤鉴别诊断中的临床价值 ..... 林 晖 陈文树 魏荣辉 (1620)

经皮肾镜手术中经皮肾通道电凝+球囊压迫止血治疗的效果 ..... 邹黄金 王 泳 (1623)

动态增强磁共振成像参数在前列腺癌病理特征分析中的应用价值 ..... 余丁福 (1626)

经椎旁肌间隙入路椎弓根螺钉内固定治疗中青年胸腰椎骨折 (TLICS 评分 $\leq 4$ 分) 的疗效研究 ..... 李海鹏 陈体论 (1629)

慢性乙型肝炎患者血清 HBV-DNA 定量检测水平与肝功能指标的关系研究 ..... 林宝圆 陈志鸿 (1632)

CT 联合食管造影诊断食管癌的影像价值评估 ..... 陈尚昆 李海镇 蔡少辉 (1635)

美沙拉嗪配合双歧杆菌四联活菌方案对溃疡性结肠炎患者的疗效 ..... 贾学军 (1638)

血清 Cys-C、 $\beta 2$ -MG 检验对在糖尿病诊治及预后判断中的应用价值分析 ..... 吴翔龚 张菊英 (1642)

外剥内扎术联合苦参汤中药熏洗坐浴治疗混合痔的疗效及对术后创面愈合效果、肛门功能的影响研究 ..... 陈金龙 (1645)

### 成果应用

外科快速康复护理模式在糖尿病患者腹部手术围术期的开展意义探讨 ..... 邓 恒 张慧琴 林燕育 (1649)

Watson 关怀理论下的康复锻炼指导在乳腺良性肿瘤患者中的应用研究 ..... 张红艳 张一帆 阮文倩 (1652)

| Effect evaluation of exhaust rehabilitation exercise in patients after laparoscopic cholecystectomy.....                                                                                                                                                                         | Wu Xiaojuan, Huang Dan, Ni Shuyi(1601)              |
| The role of the NLRP3 inflammasome in heat stress injury .....                                                                                                                                                                                                                   | Yang Lili, Li Bin, Ni Haidong(1604)                 |
| Effect of cervical dilatation with double balloon combined with artificial rupture of membrane on delivery outcome.....                                                                                                                                                          | Chen Huilian(1607)                                  |
| Analysis of the role of prenatal ultrasound in the detection and diagnosis of dangerous placenta previa with placenta accrete.....                                                                                                                                               | Qin Yufang(1610)                                    |
| Effect of differentiated chest physical intervention under graded airway management on respiratory function and ventilator-associated pneumonia in elderly patients with severe pneumonia on mechanical ventilation.....                                                         | Wei Xiaomei, Huang Huili, Chang Junhui, et al(1613) |
| Effect analysis of controlled stepwise intracranial decompression in patients with severe traumatic brain injury .....                                                                                                                                                           | Ye Yijun, Yang Jie, Liang E(1616)                   |
| Clinical value of ultrasonic elastography in differential diagnosis of parathyroid hyperplasia and adenoma.....                                                                                                                                                                  | Lin Hui, Chen Wenshu, Wei Ronghui(1620)             |
| Effect of percutaneous renal channel electrocoagulation+balloon compression hemostasis in percutaneous nephroscopic surgery .....                                                                                                                                                | Zou Huangjin, Wang Yong(1623)                       |
| Study of the application value of DCE-MRI imaging parameters in the analysis of pathological characteristics of prostate cancer.....                                                                                                                                             | Yu Dingfu(1626)                                     |
| Study on the effect of pedicle screw internal fixation via paravertebral muscle space in the treatment of thoracolumbar fractures in young and middle-aged people (TLICS score $\leq 4$ ).....                                                                                   | Li Haipeng, Chen Tilun(1629)                        |
| Study of the the correlation mechanism between HBV-DNA load and pathological features of liver function in chronic hepatitis B patients .....                                                                                                                                    | Lin Baoyuan, Chen Zhihong(1632)                     |
| Imaging value of CT combined with esophagography in the diagnosis of esophageal carcinoma.....                                                                                                                                                                                   | Chen Shangkun, Li Haizhen, Cai Shaohui(1635)        |
| Efficacy of mesalazine combined with bifidobacteria quadruple viable bacteria regimen in patients with ulcerative colitis.....                                                                                                                                                   | Jia Xuejun(1638)                                    |
| Analysis of the value of serum Cys-C and $\beta 2$ -MG test in diagnosis, treatment and prognosis of diabetes mellitus.....                                                                                                                                                      | Wu Xianggong, Zhang Juying(1642)                    |
| Study of the curative effect of external peeling and internal ligation combined with Kushen decoction and traditional Chinese medicine fumigation and bath in the treatment of mixed hemorrhoids and its influence on postoperative wound healing effect and anal function ..... | Chen Jinlong(1645)                                  |
| To explore the significance of surgical fast track nursing model in the perioperative period of abdominal surgery in patients with diabetes .....                                                                                                                                | Deng Heng, Zhang Huiqin, Lin Yanyu(1649)            |
| Application of rehabilitation exercise guidance under Watson care theory in patients with benign breast tumors .....                                                                                                                                                             | Zhang Hongyan, Zhang Yifan, Yuan Wenqian(1652)      |
| Analysis of the application of continuous self-care education combined with telephone follow-up in post-discharge nursing of burn patients .....                                                                                                                                 | Zhang Xi, Zhang Xiaoyan, Xu Fangfang(1655)          |

Effect of continuous care on quality of life and medication compliance in patients with heart failure with median ejection fraction .....Zhang Yu, Han Qiong, Lan Xiaoying(1659)

Effect of empowerment education on self-efficacy and psychological status of obese PCOS infertility patients .....Liu Liwei(1662)

Effect of multi-dimensional education based on empowerment theory on breast cancer patients undergoing PICC chemotherapy .....Zhang Ruolan(1665)

Influence of optimizing emergency nursing path and early warning nursing of pressure ulcer on the incidence rate and quality of life of patients with severe craniocerebral injury.....Sun Guoyan(1668)

Effect of evidence-based nursing on blood glucose control and pregnancy outcome in pregnant women with diabetes .....Chen Liming, Yang Yalian(1672)

Study of the application of fast track nursing in cholecystectomy .....Huang Xiaomei(1675)

Effect of evidence-based nursing care on pregnant women with threatened abortion and fetal protection and its influence on sleep quality .....Chen Linli(1678)

Prevention of recurrent bleeding in duodenal ulcers .....Zheng Mingying(1681)

The role of air pressure therapeutic apparatus in the prevention of lower limb venous thrombosis after cesarean section of scar uterus and its nursing countermeasures .....Wu Xiaochun, Xiao Meihong(1684)

Effect of patients undergoing laparoscopic inguinal hernia repair ..... Chen Dongmei(1687)

Effect of seamless nursing combined with comfortable nursing on pain score and quality of life in patients with inguinal hernia treated by laparoscopic repair .....Zhang Xiaojuan(1691)

Effect of home-based obstetric care for women and its influence on maternal and infant outcomes and breast feeding ability .....Zhang Xiuyun(1695)

Analysis of the effect of dietary intervention combined with iron dextran in patients with iron-deficiency anemia during the second and third trimester of pregnancy .....Tang Hong'e(1698)

The effect of collaborative nursing model combined with humanistic care on the quality of life of elderly diabetic patients.....Zhu Cailing, Wu Yanchen(1701)
