新青年与新个人主义

在当下的中国，讨论“青年问题”绝非只是将青年群体视为“研究对象”，而应当将其作为当代中国人认识世界、理解世界的一项思想实践。

79 从殖民主义到共同发展

中国是先通过发展自身，在资本主义世界经济体系中站稳脚跟后，进而在国际经济活动中尝试克服资本扩张悖论，建立公正合理的国际经济新秩序。

12 新青年与新个人主义

这种个人主义，既充满自信，洋溢着民族国家上升期的特有朝气；又极度不安，蕴藏着一个社会内部深刻的焦虑。

117 重启社会改革：改革关键期的三个群体

社会改革和社会制度的建设已经刻不容缓，中国如果要取得进一步的发展，必须改革，也必然要通过改革来重建社会。

- 12 ● **Cover Story: New Youth and Neo-individualism**
- 14 ● **Survey Report on the Social Mentality of Contemporary University Students** "The Social Mentality of Chinese University Students" Research Group
Based on a three-year survey of thousands of university students, the report shows an overall picture of contemporary Chinese youth's worldview, confidence, identity, values and Internet life. Individualized consciousness, as the research reveals, has become a crucial issue for us to understand the young generation.
- 25 ● **The Neo-individualism of Contemporary Youth: A Review of *Nezha: Birth of the Demon Child*** Tao Qingmei
By analyzing the social and cultural psychology behind the success of Chinese cartoons such as Nezha, the author argues that an emerging "neo-individualism" rather than nationalism is shaping the relation between the young generation and the nation/state. It is imperative to rebuild a new community awareness to cope with the global challenges ahead.

- **Re-discussing China's Development Model**
- 54 ● **How to Revitalize the Economy in China's Northeast Region?** Zhang Qiang Gao Bai
The latest promotion of digital economy in China's northeast region confronts practical dilemmas. After the failure of reform in the past four decades, the local government's development strategy turned to solve the economic stagnation by creating new dynamics. However, the author argues that building strong institutions to support the development of light industry is crucial for the region's transition of economic dynamics.
- **New Development Knowledge**
- 68 ● **The Centurial Change of Aid Diplomacy** Wang Zhao Huang Meibo
International aid, as a diplomatic tool, has always represented the national interests and diplomatic goals of Western countries. Since the 21st century, however, OECD's monopoly on international development has been challenged by new emerging aid donor countries such as China.
- 79 ● **From Colonialism to Common Development: The Transition of Great Powers' Oversea Railway Construction** Zhong Zhun
Overseas railway construction used to be a tool of imperial competition between Western countries. Different from the hegemonic colonial railway construction programmes, China's "railway diplomacy" adheres to the value of "communicating, sharing, and building together" and fully respects the sovereignty of the host countries.

- 100 ● The Hollowed Xian Schools: Dilemma and Breakthrough of Xian Education Lin Xiaoying
Yang Ruichen
Fan Jie
- In non-developed regions, more and more Xian-level secondary schools are declining. This problem results from the local government's misunderstanding of education law, the fragmentation of educational administrative system, and the formation of cross-regional student markets. A systematic solution to the dilemma of Xian education is urgently needed.*
- 109 ● Land Policy in Poverty Alleviation and the Predicament of Xian's Development Model Xia Zhuzhi
- The current land policy forms a specific land transaction market that transfers the considerable financial revenue from urban area to rural area. However, it faces increasing problems such as local debt risks and inefficient use of funds. Moreover, the poverty Xians are losing internal motivation of development when relying too much on external assistance, which is worthy of concern.*

- **Academic Reviews**
- 124 ● Geopolitics: The invisible hand behind Great Powers' Strategies Gao Cheng
- “Geopolitics” has various meanings and keeps evolving throughout centuries of debates. It is necessary for China to get an overall picture of this “multifaceted idol” by distinguishing its three levels, that is, geopolitics as ideas and theories, geopolitics as national foreign policy, and geopolitics as a tool of propaganda.*
- **From the Field**
- 131 ● The Construction of Credit System in the International Trade of Small Commodities: The Practice of Yiwu Wen Meizhen
- In Yiwu, Arabic commercial activities and their credit trade model serve as a case to explore cross-cultural communication issues in the credit system. As the study reveals, shared social network and long-term communication are essential for cross-cultural credit system. To solve trade disputes, however, requires government's support and social organizations' participation.*
