## 目 次

|                                                                              |                            |
|------------------------------------------------------------------------------|----------------------------|
| 酵母双杂交筛选与小鼠维生素 D 受体互作的蛋白 .....                                                |                            |
| ..... 张 涛,白 皓,王 令,路宏朝,杜伟立,刘 欢,杨理凯(1235)                                      |                            |
| 新疆南疆羊蜚蝇基于 12S rDNA,16S rDNA 和 18S rDNA 基因的分子生物学鉴定 .....                      |                            |
| ..... 何 波,李 飞,李凯瑞,张路瑶,赵 丽,刘永宏(1246)                                          |                            |
| 牦牛不同发育阶段睾丸中 KDM2A 的表达 .....                                                  |                            |
| ..... 王 艳,熊显荣,韩 杰,王 斌,杨显英,阿果约达,李 键(1252)                                     |                            |
| 黑河国家级自然保护区秦岭细鳞鲑主要饵料生物——拉氏鱖种群特征及其季节变化 .....                                   |                            |
| ..... 苟妮娜,新铁治,张建禄,边 坤,王开锋(1258)                                              |                            |
| 中药复方多糖对不同 MHC B-L $\beta$ II 基因型蛋鸡免疫活性的影响 .....                              |                            |
| ..... 刘晓婷,朱晓庆,杨 莉,马 昭,乔彦杰,张保军,谷新利,商云霞 (1265)                                 |                            |
| 猪瘟病毒结构蛋白抗体间接 ELISA 检测方法的建立及评价 .....                                          |                            |
| ..... 袁 莉,杨顺利,尚佑军,贾怀杰,景志忠,刘湘涛,蔡建平,尹双辉(1273)                                  |                            |
| 高温胁迫对小麦花药叶绿素质量分数及 RuBP 羧化酶基因表达的影响 .....                                      |                            |
| ..... 侯泽豪,张迎新,王 欢,孙坤坤,方正武,马东方,张改生,王书平(1280)                                  |                            |
| 不同耕作方式下雨养冬小麦产量和水分利用 .....                                                    |                            |
| ..... 刘 鹏,赵秀玲,阚正荣,祁剑英,濮 超,赵 鑫,马守田,张海林(1287)                                  |                            |
| 密植条件下去叶处理对夏玉米籽粒灌浆及产量的影响 .....                                                |                            |
| ..... 陈均治,王懿茜,解 君,李香云,付 筱,聂纪鲁,朱 伟,刘铁宁,韩清芳,贾志宽(1296)                          |                            |
| 培肥模式对陇中旱农区粮饲兼用玉米产量和品质的影响 .....                                               |                            |
| ..... 沈吉成,李玲玲,谢军红,彭正凯,Eunice Essel,邓超超,王进斌,顿健辉(1305)                         |                            |
| 水氮耦合对谷子拔节后生长、产量和水氮利用效率的影响 .....                                              | 常闻谦,刘 鹏,赵世伟(1313)          |
| 碳氮比对白三叶和小麦秸秆堆肥的肥力影响 .....                                                    |                            |
| ..... 范肖龙,文素芸,陈 佳,万依阳,程宇阳,寇建村(1322)                                          |                            |
| 外源 H <sub>2</sub> S 缓解黄瓜种子萌发过程中干旱胁迫伤害的生理机制 .....                             |                            |
| ..... 牟雪姣,张远兵,吴 燕,张 强(1328)                                                  |                            |
| 减量施肥对越夏番茄产量、品质及土壤养分的影响 .....                                                 |                            |
| ..... 赵 伟,杨圆圆,刘梦龙,张 锋,杨兆森,陈志杰 (1335)                                         |                            |
| 制备柿单宁金属吸附剂的柿属植物种质筛选 .....                                                    | 易庆平,闵慧玉,樊睿怡,张青林,罗正荣 (1343) |
| 宁夏荒漠草原区土地利用方式对 AM 真菌多样性的影响 .....                                             | 李 贺,张楠楠,马 琨(1350)          |
| 退化高寒草原浅层土壤冻融作用特征分析 .....                                                     | 魏卫东,刘育红,马 辉,李积兰(1358)      |
| 甘草内生细菌对 4 种植物病原菌的抑菌谱及其 16S rRNA 系统发育分析 .....                                 |                            |
| ..... 祖丽皮亚木·木沙尔,李 丽,郭建伟,古丽斯玛依·艾拜都拉,OSAMA Mohamed(1367)                       |                            |
| 美洲斑潜蝇发生动态及药剂防治 .....                                                         | 张玉东,师宝君,赵 轩,成卫宁(1375)      |
| 西北地区土壤低温处理对南方根结线虫越冬的影响 .....                                                 |                            |
| ..... 洪 波,张 锋,李英梅,刘 展,陈志杰,张淑莲(1380)                                          |                            |
| 黑米红枣乳酸菌发酵饮料品质分析 .....                                                        | 李璐琦,葛含静,兰永丽,李志西(1387)      |

|                                                                                                                                                                                                                            |                                      |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|
| Screening for VDR Interacting Proteins by Yeast Two-hybrid System ...                                                                                                                                                      | ZHANG Tao, <i>et al.</i> (1235)      |
| Identification of <i>Melophagus ovinus</i> Based on 12S rDNA, 16S rDNA and 18S rDNA Gene in Southern Xinjiang .....                                                                                                        | HE Bo, <i>et al.</i> (1246)          |
| Expression Analysis of KDM2A in Yak Testicle at Different Growth Phases .....                                                                                                                                              | WANG Yan, <i>et al.</i> (1252)       |
| Population Characteristics and Seasonal Variation of <i>Brachymystax lenok tsinlingensis</i> 's Main Bait Organism <i>Lagowskiella lagowskii</i> in National Nature Reserves of Rare Aquatic Wildlife of Heihe River ..... | GOU Nina, <i>et al.</i> (1258)       |
| Effects of Traditional Chinese Medicinal Compound Polysaccharides on Immune Activity in Different MHC B-L $\beta$ II Genotype Laying Hens .....                                                                            | LIU Xiaoting, <i>et al.</i> (1265)   |
| Establishment and Evaluation of the Indirect ELISA Methods for the Structural Proteins of Classical Swine Fever Virus Vaccine Strain .....                                                                                 | YUAN Li, <i>et al.</i> (1273)        |
| Effects of High-temperature Stress on Chlorophyll Mass Fraction and RuBP Carboxylase Gene Expression in Wheat ( <i>Triticum aestivum</i> L.) .....                                                                         | HOU Zehao, <i>et al.</i> (1280)      |
| Yield and Water Use Research of Rain-fed Winter Wheat under Different Tillage Practices .....                                                                                                                              | LIU Peng, <i>et al.</i> (1287)       |
| Effects of Leaf Removal on Grain Filling and Yield of Summer Maize under High Density .....                                                                                                                                | CHEN Junzhi, <i>et al.</i> (1296)    |
| Yield and Quality of Grain and Feed Maize Response to Soil Amendments in Rainfed Farming Areas of Central Gansu in China .....                                                                                             | SHEN Jicheng, <i>et al.</i> (1305)   |
| Effects of Water and Nitrogen Coupling on Growth, Yield and Water and Nitrogen Utilization after Millet Jointing .....                                                                                                     | CHANG Wenqian, <i>et al.</i> (1313)  |
| Effects of C/N Ratios on Fertility of Composting White Clover and Wheat Straw .....                                                                                                                                        | FAN Xiaolong, <i>et al.</i> (1322)   |
| Physiological Mechanism of Exogenous H <sub>2</sub> S in Alleviating Drought Stress-Induced Injury in Germination of Cucumber Seed .....                                                                                   | MU Xuejiao, <i>et al.</i> (1328)     |
| Effect of Reducing Fertilizer Application on Yield, Nutritional Quality of Over-summering Tomato and Soil Nutrients .....                                                                                                  | ZHAO Wei, <i>et al.</i> (1335)       |
| Screening of Persimmon Germplasm for Preparation of Tannin-based Metal Adsorbents .....                                                                                                                                    | YI Qingping, <i>et al.</i> (1343)    |
| Effect of Different Land-use Patterns on Distribution of Arbuscular Mycorrhizal Fungi in the Desert Steppe Region of Ningxia .....                                                                                         | LI He, <i>et al.</i> (1350)          |
| Analysis of Freeze-thaw Action Characteristics in Shallow Layer Soil of Degraded Alpine Steppe ...                                                                                                                         | WEI Weidong, <i>et al.</i> (1358)    |
| Antimicrobial Spectrum of Endophytic Bacteria from <i>Glycyrrhiza</i> spp. Against Four Phytopathogens and Its Phylogenetic Analysis Based on 16S rRNA .....                                                               | ZULPIYA • Musa, <i>et al.</i> (1367) |
| Occurrence Dynamics and Chemical Control of <i>Liriomyza sativae</i> (Diptera: Agromyzidae) .....                                                                                                                          | ZHANG Yudong, <i>et al.</i> (1375)   |
| Effect of Soil Temperature Treatments on Overwintering of <i>Meloidogyne incognita</i> in Northwest China .....                                                                                                            | HONG Bo, <i>et al.</i> (1380)        |
| Analysis of Quality for Lactic Acid Fermentation Beverage of Black Rice and Jujube .....                                                                                                                                   | LI Luqi, <i>et al.</i> (1387)        |

本刊被评为以下核心期刊:

- 综合性农业科学类核心期刊(中文核心期刊要目总览)
- 中国科技核心期刊(中国科学技术信息研究所)
- 中国农业核心期刊(中国农业科学院农业信息研究所)

本刊为下述源期刊:

- 中国科学引文数据库来源期刊(核心库,C)
- 中国科技论文统计源期刊

收录本刊的数据库及文摘期刊:

- 日本科学技术振兴机构文献数据库
- 中国学术期刊网络出版总库
- 万方数据—数字化期刊群
- 化学文摘(美国)
- 中国生物学文摘
- 中国农业文摘

## 西北农业学报

XIBEI NONGYE XUEBAO

(月刊 1992年创刊)

第27卷 第9期 2018年9月25日出版

ACTA AGRICULTURAE BOREALI-  
OCCIDENTALIS SINICA

(Monthly, started in 1992)

Vol.27 No.9 Published in Sep. 2018

主管单位 中华人民共和国教育部  
主办单位 西北农林科技大学, 甘肃、宁夏、青海、新疆农(林)业科学院, 青海、新疆畜牧(兽医)科学院及新疆农垦科学院  
编 辑 《西北农业学报》编辑部  
(陕西杨凌邠城路3号大铁10号信箱  
邮政编码: 712100 电话: 029-87082760, 87082010)  
主 编 廖允成  
副 主 编 郭柏寿  
出 版 科学出版社  
(北京东黄城根北街16号 邮编: 100717)  
排版印刷 陕西森奥印务有限公司  
国内发行 陕西杨凌示范区邮政局  
国外发行 中国国际图书贸易总公司  
(北京399信箱 邮政编码: 100044)  
连 续 出 ISSN 1004-1389  
版 物 号 CN 61-1220/S
