CONTENTS

● **Industry Development**

- Development of China tire mold industry JIANG Xin (1)
Present status and developing tendency of conveyor belt technology
..... DING Pan-pan (5)

● **Research and Application**

- Influence factors of adhesion property of PTFE-NR
..... TAN Lian-ying et. al (10)
Application of new environment-friendly peptizer Renacit 11
..... YAO Qing-fang (14)

● **Process and Technology**

- Causes of quality defects of tube and their countermeasures
..... ZHAO Jie et. al (17)

● **Energy Saving and Emission Reduction**

- Promotion of scientific development of tire retreading industry in
China GAO Xiao-heng (20)
Treatment of wastewater from accelerator NS production
..... LI Jian-bo (25)

● **Market Trends**

- Comprehensive analysis on China rubber market in Feb. 2010
..... CHEN Ke-xin (28)
