- 140 煤炭企业人力资源培训问题分析 (张瑜)
- 142 城市道路信号交叉口安全评价体系的构建研究 (刘祥,王宪彬,孟凤威,韦思佳,刘博航)
- 144 电力企业物资采购过程中质量控制节点存在的问题及改进措施 (杨健伟)
- 146 统计信息档案在医院等级评审中的作用研究 (伊同茹愿)
- 148 关于进一步加强我国应急物资保障能力建设的几点思考 (雷德航,张雨桐)

技术与实践

- 151 回采动压影响下巷道掘进技术研究与应用 (李岩)
- 153 数据挖掘技术在输变电工程造价管理中的应用 (柳彪)
- 155 徽州区小(二)型水库除险加固工程设计浅析 (吴华斌)
- 157 办公自动化的发展与实现技术 (周峰)
- 159 电梯制动器故障原因及对策分析 (周金宝)
- 161 分析节能型锅炉房中的电气自动化设计 (车文千)
- 163 煤矿采煤掘进工作面中高强支护技术的应用探究 (杨晓亮)
- 165 现代汽车检测技术及安全管理探究 (罗长威)
- 167 岩土工程勘察中钻探工艺的选择分析 (张传军)
- 169 高层建筑电气节能技术的分析 (白小平)
- 171 试析建筑电气接地安装工程施工技术要点 (王崇祥)
- 173 沥青路面接缝施工技术的应用实践 (马开亭)
- 175 关于信息技术在交通运输工程中的有效运用探析 (从美亭)
- 177 高架桥现浇箱梁施工工艺要点分析 (熊杰)
- 179 绝缘导线压接工艺技术的研究 (徐南)
- 181 浅谈轨道交通信号改造日夜倒接开关的接入 (巩鹏飞)
- 183 浅谈砂卵石地层人工顶管施工监测技术 (赵全峰)
- 185 污水处理场废气生物处理技术开发和应用 (刘树立,曹凯,赵建伟,李永梅)
- 187 地铁通风空调专业施工质量控制 (钟毅)
- 189 动筛跳汰机分选效果研究 (王俊洋)
- 191 浅谈城市地铁施工技术中浅埋暗挖技术 (周佑武)
- 193 关于湿滑路面车辆防滑预警的相关分析 (陈鹏志,李新宇,吕家乐,贺旭天,孟凤威)
- 195 探究现代预应力技术在工程中应用遇到的问题及解决办法 (冯晨晨)

Management Exploration

- 1 Problems and Countermeasures of the Informatization Management of Personnel Archives in Small and Medium-Sized Enterprises Under the Background of Big Data (DU Kun, WANG Jun-he, YANG Xiao)
- 3 Discussion on the Application of Economic Management Tools of Human Resources in State-Owned Enterprises (SHI Chang-da)
- 5 Discussion on Budget Management of Capital Construction Projects in Public Institutions (ZOU Chang-zhi)
- 7 Analysis of the Management of Reducing Costs and Controlling Expenses in Logistics of a State-Owned Enterprise (QIU Bin, LU Zhi-xin)
- 9 Application of the ERP System in Enterprise Sales Management (GUO Yu-tong)
- 11 Discussion on the Construction Quality Management of Building Water Supply and Drainage Pipeline Engineering (QIAO Chang-xin)
- 13 Exploration on the New Marketing Methods and Improving the Management Level of Enterprises (GAO Ju)
- 15 Management and Control of Whole Process Mechanized Construction of Transmission Line (LI Chao)
- 17 Discussion on the Methods of Improving the Management Level of Material Procurement in State-Owned Enterprises (WANG Zhao-hui)
- 19 Some Suggestions on Strengthening the Archives Management of Park Infrastructure Engineering (JIANG Yan-qing, NING Tian-qi, WU Zhan-kui, JIN Hao-nan, ZHANG Wen-qin)
- 21 Optimization of Enterprise Material Procurement Work Based on Supply Chain Management (ZHU Jian-fang, LI Guang)
- 23 Analysis of Related Problems and Countermeasures of Construction Engineering Quality and Safety Management (ZHANG Yu)
- 25 Analysis of the Risk Management of Fixed Assets (WANG Hai-ling)

Observation of Industrial and Economy

- 27 The Impact of Steel Scrap Price and Steel Scrap Ratio on the Economic Benefits of Steelmaking (XIN Jin)
- 29 Discussion on the Influence of Artificial Intelligence on China's Industrial Economy (XU Yong-fa)
- 31 The Principle of Taxation in the Place of Value Creation: the Possible Path to Deal with the Tax Challenge of Digital Economy (WANG Ye)
- 33 Analysis of the Main Causes and Control Measures of Water Pollution in Small Watersheds (QI Shi-peng)
- 35 Reflections on the Transformation and Upgrading of Street-Stall Economy (YUAN Xiu)
- 37 Theory and Practice of International Economic Cooperation——Analysis of the Development Status of Xinjiang's Foreign Project Contracting (QU Xin-rui)

Enterprise Party Building

- 39 Exploration on the Current Situation and Development of Party Building Archives in Public Hospitals (ZHANG Ning, HU Wei-jia)
- 41 Reflections on "One Post and Two Responsibilities" of Party Members' Leading Cadres (FAN Wen-sheng)

Entrepreneurial and Innovation

- 43 Research on Business Mode Innovation of Telecom Operators in 5G Era (HUANG Kai-yu)

- 45 The Innovation of Management Mode of Ideological and Political Work in Enterprises Under the New Situation (KONG Lin-na)
- 47 Analysis of the Innovation Mechanism of Administrative Affairs Management Work and the Internal Control Countermeasures in Administrative Institutions (WANG Shuang-ping)
- 49 Analysis of the Enterprise Management Innovation Based on the Era of "Internet +" (GUO Mei-bo)
- 51 Research on Innovation Management and Service of Big Data Informationized Library (LI Qiao-yun)

Finance and Tax

- 53 Income Tax Policies to Reduce the Tax Compliance Costs of Small and Medium-Sized Enterprises (SUN Yang, JI Yan-zhen)
- 55 The Application of Accounting Computerization in Enterprise Financial Management (YIN Hong)
- 57 Reflections on the Financial Management of Enterprises (WU Qiong)
- 59 Reflections on the Transformation and Upgrading of Internal Audit Work of Rural Commercial Banks Under the New Normal (YOU Xin-hua)
- 61 The Problems Still Exist After the New Individual Income Tax Reform and Measures (LI Chang-chun, XIE Zhen, DENG Chun-tao)
- 63 Rapid Implementation Way of Financial Sharing System for Power Generation Enterprises (CHEN Jie)
- 65 Discussion on the Influence of Replacing the Business Tax with a Value-Added Tax on Accounting and Tax Payment of Real Estate Enterprises (ZHONG Xiao-jun)
- 67 Research on Financial Performance Evaluation of Q Enterprise Based on Factor Analysis Method (TANG Xue-wei, GUO Hui)
- 69 Risks and Countermeasures of Financial Internal Control in Construction Enterprises (WANG Xue)

Service System Construction

- 71 Research on the Strategic Development of Electric Power Fittings Manufacturing Enterprises (WEI Si-yuan)
- 73 Research on Marketing Strategy Optimization of 7FRESH (WANG Ruo-nan, LI Ming)
- 75 Research on Pricing Coordination Problem of Closed-Loop Supply Chain for Power Battery Recycling (LV Chen-xiao)
- 77 Research on the Problems in the Implementation of Activity-Based Cost System by Using ERP (MAO Ben-hong)
- 79 Research on Legal Risk Prevention Countermeasures of Purchasing Contract in Manufacturing Enterprises (LI Shu-guang)
- 82 Overview of the Related Theories on Environmental Competitiveness of Construction Enterprises (PU Jia, LI Yi-bing)
- 84 Analysis of the Importance of Economic Operation Analysis to Enterprise Decision Making (GUO Bao-lin)
- 86 Analysis of the Work Emphases in the Audit of Construction Drawing Budget of Railway Engineering (ZHAO Xiao-fei)
- 88 Research on the Influencing Factors of Satisfaction with Basic Endowment Insurance for Urban Employees in Jingdezhen City (WANG Xin-qin)
- 90 New Thinking on the Precise Service and Marketing Path in the Strategy of State-Owned Enterprises as Major Clients Under the New Economic Conditions (HOU Yan-li)
- 92 Research on the Construction of "the Belt and Road" Big Data Decision-Making Support System (JIN Zhen)

- 94 Research on the Strategy of Park City Planning and Construction in Guang'an City (HE Yi-man)
- 96 Reflections on the Digitized Selection of Mobile Applications (LIU Bo-ling)
- 98 Intellectual Property—the Cornerstone of Enterprise Development (XIE Li-rong, WU Si-yuan)
- 100 Research on the Effect of Corporate Equity Incentive (YANG Peng-peng)
- 102 Analysis of the Impact of Internet of Things Informatization on E-Commerce Logistics in Network Marketing (YAO Zhi-gang)
- 104 The Defects of the Investment Dispute Resolution Mechanism Under the Background of "the Belt and Road" and the Countermeasures (YAN Bo-long, YOU Hua-qing)
- 106 Analysis of the Contract Review Problems and Countermeasures and Suggestions of Small and Medium-Sized Technology-Based Enterprises (KONG Li)
- 108 Discussion on the Existing Problems and Solutions in the Industrial Standards of Seismic Monitoring and Observation Instruments in China (SUI Ming-kun)
- 110 Research on the Influence of Oversize and Overload Transportation Vehicles on Highway and the Countermeasures (LIU Chun-yan)
- 112 Measures and Suggestions for Strengthening and Improving Locomotive Anti-Running Work (GAO Qiang)
- 114 Research on the Emergency Logistics Theory at Home and Abroad Under the Background of New Economy (LIU Jia-wei, GU Feng, ZHANG Zao-li, SHENG Meng-lei, YU Shi-yao, ZHANG Yu)
- 116 Reflections on the Prevention and Control of Occupational Injuries in Machinery Manufacturing Industry (XIAN Qi-lin, LONG Xiao-yan)
- 118 Discussion on How to Do Well the Water Supply Service in the Internet Era (CHI Yan-ping, JIANG Hui, YU Yuan-qiang)
- 120 Research on the Full-Digital Construction and Service of Public Library Resources (SHI Jun-yan)
- 122 Exploration on the Development Trend and Application of the Internet of Vehicles in the 5G Network Environment (CAI Wen-nan, XIE Wen-cong, SUN Guo-tong)
- 124 Research on the Comprehensive Compensation Incentive System for Knowledge Employees (QU Bo-chun)
- 126 Research on the Impact of Technical Barriers to Trade on Export of Electronic Products (HAN Wei)
- 128 Improving Community Governance System and Enhancing Community Governance Ability (FENG Guo-ru)
- 130 Analysis of the Professional Position of Accounting Personnel Under the Application of Artificial Intelligence Accounting (LI Shu-ye)
- 132 Research on Development Strategy of Resort Based on Leisure Culture (BIAN Jia-yu)
- 134 Opportunities and Challenges for Sinotrans Logistics Company Limited to Develop Supply Chain Finance (KUANG Xue-jiao)
- 136 Analysis of Urban Traffic Development from the Perspective of Green Traffic (WANG Feng-jun)
- 138 Analysis of Financial Post-Evaluation of Electric Power Construction Project (GENG Yong-tao)
- 140 Analysis of Human Resources Training Problem in Coal Enterprises (ZHANG Yu)
- 142 Research on the Construction of Safety Evaluation System for Urban Road Signal Intersection (LIU Xiang, WANG Xian-bin, MENG Feng-wei, WEI Si-jia, LIU Bo-hang)
- 144 The Problems Existing in Quality Control Nodes in Material Procurement

Process of Power Enterprise and the Improvement Measures (YANG Jian-wei)

- 146 Research on the Role of Statistical Information Archives in Hospital Grade Evaluation (YI Tong-ru-yuan)
- 148 Some Thoughts on Strengthening the Construction of Emergency Materials and Guarantee Ability in China (LEI De-hang, ZHANG Yu-tong)

Technology and Practice

- 151 Research and Application of Roadway Excavation Technology Under the Influence of Mining Dynamic Pressure (LI Yan)
- 153 Application of the Data Mining Technology in Cost Management of Power Transmission and Transformation Project (LIU Biao)
- 155 Analysis of the Design of Reinforcement Project of Small Reservoir Type II in Huizhou District (WU Hua-bin)
- 157 The Development and Implementation Technology of Office Automation (ZHOU Feng)
- 159 Analysis of the Reasons of Elevator Brake Failure and Countermeasures (ZHOU Jin-bao)
- 161 Analysis of Electrical Automation Design in Energy-Saving Boiler Room (CHE Wen-qian)
- 163 Research on the Application of High-Strength Support Technology in Coal Mining and Tunneling Face (YANG Xiao-liang)
- 165 Exploration on the Inspection Technology and Safety Management of Modern Automobiles (LUO Chang-wei)
- 167 Analysis of the Selection of Drilling Technology in Geotechnical Engineering Exploration (ZHANG Chuan-jun)
- 169 Analysis of the Electrical Energy Saving Technology for High-Rise Buildings (BAI Xiao-ping)
- 171 Analysis of the Key Points of Construction Technology of Building Electrical Ground Connection Installation Engineering (WANG Chong-xiang)
- 173 The Application Practice of Joint Construction Technology of Asphalt Pavement (MA Kai-ting)
- 175 Analysis of the Effective Application of Information Technology in Transportation Engineering (CONG Mei-ting)
- 177 Analysis of Key Points of Construction Technology of Cast-in-Place Box Beam of Viaduct (XIONG Jie)
- 179 Research on the Crimping Technology of Insulated Wire (XU Nan)
- 181 Discussion on the Transformation of Rail Transit Signal and the Access of Day and Night Switch (GONG Peng-fei)
- 183 Discussion on Monitoring Technology of Artificial Pipe Jacking in Sand and Pebble Formation (ZHAO Quan-feng)
- 185 Development and Application of Waste Gas Biological Treatment Technology in Sewage Treatment Plant (LIU Shu-li, CAO Kai, ZHAO Jian-wei, LI Yong-mei)
- 187 Professional Construction Quality Control of Subway Ventilation and Air Conditioning (ZHONG Yi)
- 189 Research on the Sorting Effect of Moving Screen Jig (WANG Jun-yang)
- 191 Discussion on the Technology of Shallow Buried Excavation in Urban Subway Construction (ZHOU You-wu)
- 193 Correlation Analysis of the Anti-Slip Early Warning of Vehicles on Wet and Slippery Road (CHEN Peng-zhi, LI Xin-yu, LV Jia-le, HE Xu-tian, MENG Feng-wei)
- 195 Exploration on the Problems Encountered in the Application of Modern Prestressing Technology in Engineering and Its Solutions (FENG Chen-chen)
