### 电池材料回收

|                                         |                     |
|-----------------------------------------|---------------------|
| 以技术创新为引擎 赋能“双碳” .....                   | (1)                 |
| 废铅酸蓄电池资源回收行业技术与发展 .....                 | 张俊丰, 陈彪, 黄妍, 等(2)   |
| 废铅酸蓄电池铅膏中物理性杂质的精细分离 .....               | 杨翠婷, 陈彪, 张俊丰, 等(16) |
| 基于“储反分离”的废铅酸蓄电池铅膏碳酸氢铵脱硫新方法研究 .....      | 黄妍, 邹伟钊, 麻洋, 等(24)  |
| 新型纳米硫酸铅乙炔黑复合材料辅助再生氧化铅制备铅酸蓄电池电性能研究 ..... | 曹靖, 李江敏, 张俊丰, 等(32) |

### 冶炼工艺

|                                                                   |                      |
|-------------------------------------------------------------------|----------------------|
| 银电解液净化渣中银和铜的分离回收 .....                                            | 赵祝鹏, 张善辉, 崔家友, 等(41) |
| $\text{Na}_2\text{S}-\text{H}_2\text{O}$ 体系浸出高砷砷碱渣中砷的工艺试验研究 ..... | 张腾, 张善辉, 崔家友, 等(46)  |
| 50 kVA 直流电弧炉处理卡尔多炉渣试验研究 .....                                     | 郑江华, 任学根, 马晓东, 等(54) |
| 基于随机森林和改进竞争群算法的铜电解过程能耗优化 .....                                    | 周杰, 顾伟伟, 张建, 等(60)   |
| 不同保温层厚度下稀土电解槽电热场分析 .....                                          | 逢启寿, 刘胜, 万福兴(68)     |

### 综合利用与环保

|                                 |                       |
|---------------------------------|-----------------------|
| 粉煤灰提取氧化铝研究进展 .....              | 刘宸嘉, 赵爱春, 李旭, 等(75)   |
| 脱硫铅银渣烟化法挥发有价金属的研究 .....         | 王胜, 张吉, 李德磊, 等(84)    |
| 粉煤灰盐酸法制备氧化铝对氟化氢气体吸附能力研究 .....   | 白晓伟(91)               |
| 铜渣磁选预处理对铜渣基胶凝材料活性和抗压强度的影响 ..... | 张冉玥, 杨仕教, 杨晴, 等(98)   |
| 钢渣碳化及其对水泥砂浆性能影响的试验研究 .....      | 栾宁, 殷鸣, 陈堃, 等(107)    |
| 钢渣中钙元素的浸出试验研究进展 .....           | 李梦豪, 刘燕, 张延安(114)     |
| 磷石膏添加量对赤泥基复合材料性能影响研究 .....      | 张建刚, 皇志威, 苏向东, 等(121) |

### 试验研究

|                           |                       |
|---------------------------|-----------------------|
| 侧吹熔炼含铁冶炼渣玻璃化研究 .....      | 徐小锋, 李冲, 张国华, 等(131)  |
| 锌冶炼次氧化锌烟灰微波脱砷结块试验研究 ..... | 薛平, 王恒辉(140)          |
| 高速渗流对浸铀周期的影响 .....        | 袁嘉懋, 周仲魁, 史维浚, 等(146) |

CONTENTS

Battery Material Recycling

Current research and future trends of spent/discarded lead-acid batteries recycling technology  
..... ZHANG Junfeng, CHEN Biao, HUANG Yan, et al(2)

Fine separation of physical impurities from spent lead paste in lead-acid batteries  
..... YANG Cuiting, CHEN Biao, ZHANG Junfeng, et al(16)

Research of ammonium bicarbonate desulfurization for waste lead paste in lead-acid batteries based on “storage and reaction separation”  
..... HUANG Yan, ZOU Weizhao, MA Yang, et al(24)

Study on electrical properties of lead-acid battery prepared from recovered lead oxide with nanosized lead sulfate and acetylene black composite additive  
..... CAO Jing, LI Jiangmin, ZHANG Junfeng, et al(32)

Metallurgical Technology

Study on separation of copper and silver from purification residue of silver electrolyte  
..... ZHAO Zhupeng, ZHANG Shanhui, CUI Jiayou, et al(41)

Experimental study on leaching of tellurium from high-tellurium arsenic alkali residue in Na<sub>2</sub>S–H<sub>2</sub>O system  
..... ZHANG Teng, ZHANG Shanhui, CUI Jiayou, et al(46)

Experimental study on treatment of Kaldor slag by 50 kVA DC EAF  
..... ZHENG Jianghua, REN Xuegen, MA Xiaodong, et al(54)

Energy consumption optimization of copper electrolysis process based on Random Forest and improved competitive group algorithm  
..... ZHOU Jie, GU Weiwei, ZHANG Jian, et al(60)

Electrothermal field analysis of rare earth electrolytic cell under different thickness of insulation layer  
..... PANG Qishou, LIU Sheng, WAN Fuxing(68)

Comprehensive Utilization and Environmental Protection

Research development on extracting alumina from fly ash  
..... LIU Chenjia, ZHAO Aichun, LI Xu, et al(75)

Study on volatilization of valuable metals from desulfurized lead silver slag  
..... WANG Sheng, ZHANG Ji, LI Delei, et al(84)

Study on adsorption capacity of gaseous hydrogen fluoride on alumina prepared from coal-fly ash  
..... BAI Xiaowei(91)

Effect of magnetic separation pretreatment of copper slag on activity and compressive strength of copper slag-based cementitious materials  
..... ZHANG Ranyue, YANG Shijiao, YANG Qing, et al(98)

Experimental study on carbonation of steel slag and its influence on the properties of cement mortar  
..... LUAN Ning, YIN Ming, CHEN Kun, et al(107)

Research progress on effective leaching of calcium components from steel slag  
..... LI Menghao, LIU Yan, ZHANG Tingan(114)

Effect of phosphogypsum addition on properties of red mud-phosphogypsum composites  
..... ZHANG Jiangang, HUANG Zhiwei, SU Xiangdong, et al(121)

Experimental Investigation

Research on vitrification of side-blown smelting ferrous smelting slag  
..... XU Xiaofeng, LI Chong, ZHANG Guohua, et al(131)

Experimental study on microwave arsenic removal and agglomeration from secondary zinc oxide dust in zinc smelting  
..... XUE Ping, WANG Henghui(140)

Effect of high velocity percolation on uranium leaching period  
..... YUAN Jiamao, ZHOU Zhongkui, SHI Weijun, et al(146)
