## CONTENTS

**Air Pollution Control**

- Impact of meteorological conditions on PM<sub>2.5</sub> in autumn and winter of 2018–2019 in key areas ..... SHI Xu-rong et al. (2785)
- Simulated impact of blow-cloud wet scavenging on PM<sub>2.5</sub> over the YRD ..... ZHOU Guang-qiang et al. (2794)
- Temporal and spatial variation of formaldehyde column concentration and analysis of its influencing factors in Shaanxi Province ..... Li Lu et al. (2802)
- Characterization and prediction of cloud condensation nuclei activity in winter of Nanjing ..... ZOU Hua et al. (2811)
- Composition characteristics of PM<sub>2.5</sub> and heavy pollution events in Taiyuan City during heating season ..... NI Deng-feng et al. (2821)
- Evolution of PM<sub>2.5</sub> and its components during heavy pollution episodes in winter in Beijing ..... ZHANG Meng et al. (2829)
- Analysis for the influence of air quality on solar radiation arriving on the ground in Shenyang ..... WANG Hong-yu et al. (2839)
- Prediction of stench gas in chicken house based on RF-LSTM ..... GUO Yu-chen et al. (2850)
- Potential risk assessment of ground-level ozone on rice yield under climate change scenarios ..... ZHAO Hui et al. (2858)
- Influence of ship emissions and its uncertainty on air quality in China ..... WU Yu-qi et al. (2870)

**Water Pollution Control**

- Denitrification and organic matter conversion in DF-BER system ..... SONG Ya-nan et al. (2880)
- Adsorption properties of MnO<sub>2</sub>@Fe<sub>3</sub>O<sub>4</sub>/reduced graphene oxide composites for Pb(II) from water solution ..... LONG Hao-yu et al. (2888)
- Denitrifying phosphorus removal and microbial characteristics based on the optimization of carbon sources ..... PAN Ting et al. (2901)
- Photocatalytic degradation of rhodamine B by carbon quantum dot modified graphite phase carbon nitride ..... LIU Shuai et al. (2909)
- Photocatalytic degradation of trace carbamazepine in river water by ZnIn<sub>2</sub>S<sub>4</sub>/g-C<sub>3</sub>N<sub>4</sub> under solar irradiation ..... ZHU Lin et al. (2917)
- Adsorption and regeneration characteristics of type-A molecular sieve synthesized from natural zeolite ..... SUN Tong et al. (2926)
- Simulation experiments on effects of lomefloxacin on denitrification process in water ..... DENG Lu et al. (2934)
- The enhanced mechanism of benzoquinone(BQ) on poly-silicate-ferric(PSF) in heterogeneous UV-Fenton system ..... JIANG Zi-li et al. (2943)
- Effect of carbon chain length and functional group on decomposition pathway of perfluorinated organic acids ..... GU Yu-rong et al. (2952)
- Characteristics of aniline removal using composite permeable reaction barrier based on NaHSO<sub>3</sub> and KMnO<sub>4</sub> ..... YE Qian et al. (2960)
- Treatment of emulsified oily wastewater by magnetic graphite oxide and magneto-induced enhanced effect ..... HU Zhuo-qi et al. (2970)
- Polymeric ferric sulfate hydrolysis based on external magnetic field regulation ..... LIN Neng et al. (2978)
- Simulation of tracer transportation under the leak of vertical flexible barrier system ..... ZHAO Yang et al. (2985)
- Efficiency and kinetic model of defluorination of perfluorooctanoic acid by persulfate oxidation ..... CHEN Xiao-qiang et al. (2995)
- Study on purification of organophosphorus flame retardants by integrated vertical-flow constructed wetlands ..... GAO Yu-shan et al. (3003)
- Development of human health ambient water quality criteria for naphthalene in China ..... YU Zi-ling et al. (3010)

**Solid Waste**

- Different mathematical models in the analysis of the effect of trace elements on the anaerobic digestion of penicillin fermentation residues ..... FANG Nan et al. (3020)
- Effects of dewatering performance of sludge under the co-conditioning of oxalic acid, chitosan and CaO ..... HE Ming-xing et al. (3029)
- Digestion performance of roasted sample produced by co-treatment of spent pot-lining and red mud ..... LU Fang-hai et al. (3037)
- Study on the occurrence characteristics of heavy metals in fine particulate matter during sludge incineration ..... FANG Zhen-quan et al. (3044)
- Stabilization of heavy metals in MSWI fly ash by thermal treatment at intermediate temperatures with rice husk ash ..... TAN Jin-tao et al. (3054)
- Study of soil background content of arsenic and its impact factors in Shenzhen ..... ZHAO Shu-hua et al. (3061)

**Soil Pollution Control**

- Evaluation of soil environmental quality in green food production based on spatial distribution of heavy metals -- a case study of modern agricultural park in Liangjin district, Chongqing ..... ZHOU Jiao et al. (3070)

**Environmental Ecology**

- Seasonal succession and influencing factors of phytoplankton functional groups in Lake Nanhu, Huaibei City ..... YANG Wei et al. (3079)
- Prevalence of ceftriaxone-resistant bacteria and drug-resistance encoding genes in Weihe River and its tributaries in Yangling Section ..... LIU Hao-yu et al. (3087)
- Assessment of beach plastic waste and its heavy metal pollution in Shenzhen ..... XIANG Jing-ya et al. (3097)
- Preparation of potassium ion doped graphite carbon nitride via molten salt method and its photocatalytic mineralization ability of organic pollutants ..... HU Shao-zheng et al. (3106)
- Performance of sediment phosphorus reduction via electrokinetic drainage of pore water ..... HAN Ding et al. (3114)
- Preparation methods and properties of nanobiochars ..... LI Qi-rui et al. (3124)
- Effects of simulated environmental aging on the adsorption of Zn(II) onto PE microplastics ..... ZHANG Rui-chang et al. (3135)
- Construction and influence analysis on indoor environment of condensate water cooling glass façade ..... GUO Yu-run et al. (3143)

**Environmental Microbiology**

- Enrichment of naphthalene anaerobic degrading bacterial consortium and enhancement by redox mediators ..... BAN Qiao-ying et al. (3150)

**Environmental Toxicology**

- Study on a new screening method for LXR $\alpha$  active effect substances ..... TANG Zhuo-heng et al. (3156)
- Interaction of graphene oxide and polycyclic aromatic hydrocarbons with pulmonary surfactant ..... ZHANG Lin-feng et al. (3165)
- The potential impact of bioaerosol emissions on human health threats ..... YUAN Wen-yan et al. (3173)
- Interaction effects between ambient temperature and black carbon and PM<sub>2.5</sub> on mortality in Beijing ..... ZHANG Ying et al. (3179)

**Rubbish Classification**

- Incentive and supervision mechanism of municipal solid waste separation and recycling ..... WANG Dan-dan et al. (3188)
- Evaluation on the efficiency of municipal solid waste management in cities of China based on DEA-Malmquist ..... LIU Wei-ling et al. (3196)

**Environmental Impact Assessment and Management**

- Evaluation of Marine ecological compensation efficiency in coastal provinces and cities of China ..... SHI Xiao-ran et al. (3204)
- Chinese agricultural eco-efficiency measurement and driving factors ..... CHEN Jing-quan et al. (3216)
- Analysis on the national economic impact of PM<sub>2.5</sub>-induced health effects in China ..... ZENG Xian-gang et al. (3228)
- The market reaction to the "Look-Back" inspection of ecological and environmental protection: Impacts on listed companies in heavily polluting industries ..... CHEN Di et al. (3239)
