# CHINA OFFSHORE OIL AND GAS

Vol. 24, S. 1, 2012

## CONTENTS

(New advances in exploration and development of oilfields in Bohai water)

### • PETROLEUM EXPLORATION •

- The practice and effects of secondary exploration guided by the geological innovation in offshore oil-bearing areas;  
a case of the northern Liaodong bay ..... Xu Changgui ( 1 )
- The main characteristics and structural styles of Bohai neotectonism ..... Wang Yingbin Huang Lei Liu Tinghai ( 6 )
- Some key exploration techniques for the subtle reservoirs and their application in Bohai water  
..... Zhou Xinhui Lai Weicheng Du Xiaofeng et al. ( 11 )
- Applying process analysis of sedimentary origin in researches of sedimentary system; a case of Member E<sub>2</sub>s<sub>2</sub>  
in BZ-A block, Bohai water ..... Zheng Jinggui Wang Xin Du Xiaofeng et al. ( 19 )
- An analysis and refined depiction of lithologic trap development under the framework of Neogene sequence stratigraphy  
in Bohai water; a case of Lower Member of Minghuazhen Formation in Shijiutuo rise  
..... Wang Deying Yu Hongzhong Yu Haibo et al. ( 23 )
- A paleomagnetic column of Oligocene chronostratigraphy and its geological significance in Bohai water  
..... Li Jianping Liu Shilei Gong Yingjie et al. ( 29 )
- Some distinctive techniques of reservoir prediction in Neogene oilfields, the southern Bohai water  
..... Xia Tongxing Ming Jun Chen Wenxiong et al. ( 34 )
- Horizontal anomalies of interval velocity and their recognition technique in Neogene, Bohai water  
..... Peng Gang Zhou Donghong Li Ying et al. ( 38 )
- Mirror reflection: a cause of the strong seismic record from massive mudrocks ..... Shen Zhanghong ( 43 )
- New techniques of logging evaluation and their application in the metamorphic buried-hill reservoir, JZ-S oilfield  
..... Yang Hongwei Lü Hongzhi Cui Yunjiang et al. ( 47 )
- Designing and realizing a 3D display system of the mass seismic data with a TB level  
..... Guo Lin Zhou Donghong Shen Dongyi et al. ( 50 )

### • OIL AND GAS FIELD DEVELOPMENT •

- An analysis of the factors to influence development of oil reservoirs with gas cap and edge water by horizontal wells  
..... Zhang Yingchun Tong Kaijun Zheng Hao et al. ( 57 )
- Reservoir applicability of steam stimulation supplemented by flue gas ... Liu Dong Li Yunpeng Zhang Fengyi et al. ( 62 )
- An analysis of the reserves parameter accuracy in Neogene fluvial oilfields, Bohai water  
..... Wang Shaopeng Yang Qinghong Guo Tie'en et al. ( 67 )
- A quantitative study on distribution of Paleogene clastic reservoir in Bohai water  
..... Tian Xiaoping Chen Guocheng Yang Qinghong et al. ( 72 )
- Appraising well production changes in buried-hill fractured oil reservoirs by using the fractal theory  
..... Wang Yuejie Tong Kaijun Cheng Dayong et al. ( 77 )
- A set of techniques to describe quantitatively remaining oil in offshore heavy oilfields under commingling production  
in large well spacing ..... Su Yanchun ( 82 )
- A new method to correct the sweep efficiency in offshore oilfields ..... Li Jinyi Dai Weihua Luo Xianbo et al. ( 86 )
- An analysis of the recovery-ratio evaluation method during infill and adjustment development in offshore oilfields  
..... Ma Kuiqian Liu Yingxian Liu Zongbin et al. ( 90 )
- A practice of polymer flooding during middle-high water cut in Bohai oilfields; a case of the western JZ-X oilfield  
..... Liu Ying Zhou Fengjun Zhang Yingchun et al. ( 93 )
- Subzone correlation in L oilfield, Bohai water ..... Shen Chunsheng Luo Xianbo Meng Peng et al. ( 97 )
