lipid-lowering effects of oleanolic acid in hyperlipidemic patients

Prof. SUN Hong-Bin is "Yangtze River Scholars" distinguished Professor and Director of Jiangsu Key Laboratory of Drug Discovery for Metabolic Disease at China Pharmaceutical University.

Prof. LIU Jun is an associate professor in Jiangsu Key Laboratory of Drug Screening at China Pharmaceutical University. Her major research interest is metabolic and immunological pharmacology.

Chinese Journal of Natural Medicines

Aims and Scopes

The Chinese Journal of Natural Medicines (CJNM) is devoted to communications among pharmaceutical and medicinal plant scientists who are interested in the advancement of the botanical, chemical, and biological sciences in support of the use of natural medicines in health care, in particular, traditional Chinese medicines (TCM). CJNM aims to cover a broad spectrum of original research papers and review articles on natural medicines or their products from all over the world, including those from TCM.

Coverages:

- Biological and Pharmacological Activity
- Natural Product Chemistry
- Chemical Analysis and Quality Control
- Pharmacokinetics and Clinical Efficacy
- DNA-based Botanical Authentication
- Medicinal Plant Resource Investigations
