Sodium tanshinone IIA sulfonate prevents radiation-induced damage in primary rat cardiac fibroblasts

PhD. LI Yi has been working in the School/Hospital of Stomatology Lanzhou University since 2018. His current research focuses on the biological and mechanical coupling mechanism in pathogenesis of ischemic cardiomyopathy, cirrhosis and nonalcoholic fatty liver.

Dr. XIE Ping is a Professor of Lanzhou University and Gansu University of Chinese Medicine, China; Director of Cardiovascular Research Center and Cardiovascular Medicine of Gansu Provincial Hospital (Lanzhou, China).

# Chinese Journal of Natural Medicines

## Aims and Scopes

The Chinese Journal of Natural Medicines (CJNM) is devoted to communications among pharmaceutical and medicinal plant scientists who are interested in the advancement of the botanical, chemical, and biological sciences in support of the use of natural medicines in health care, in particular, traditional Chinese medicines (TCM). CJNM aims to cover a broad spectrum of original research papers and review articles on natural medicines or their products from all over the world, including those from TCM.

Coverages:

- Biological and Pharmacological Activity
- Natural Product Chemistry
- Chemical Analysis and Quality Control
- Pharmacokinetics and Clinical Efficacy
- DNA-based Botanical Authentication
- Medicinal Plant Resource Investigations

## Abstracted / Indexed in

17 databases on web

- SCIE
- MEDLINE/PubMed
- CAB ABSTRACTS
