CONTENTS IN BRIEF

Research Paper

- 773 **A meta-analysis of risk factors of postoperative cognitive dysfunction after cardiac surgery**

TAO Xiang-jun, DING Shu, FENG Xin-wei, WU Ying

- 781 **Development of nurse managers' leadership indicator system**

HUANG Chun-mei, FENG Zhi-xian, HUANG Ying

- 787 **Facilitating family's readiness for discharge of premature infants: development and implementation of an evidence-based protocol**

CHENG Lei, LU Chun-mei, ZHANG Yu-xia, GU Ying, LIU Qing, YUAN Hao, QIAN Ge-ping, HU Yan

Clinical Nursing Research

- 792 **The level and influencing factors of self-perceived burden in patients with nasopharyngeal carcinoma undergoing radiotherapy**

YIN Li, LIANG Hai-xin, CHEN Shi-mei, PENG Shan-shan, WEI Hong, HUANG Xiao-yu, GAO Hai-yan

- 798 **The level and influencing factors of pregnancy-related anxiety among women during mid-late pregnancy**

LI Jun-qin, CAO Shu-yin, YU Xiao-yan

- 804 **Feasibility of applying Omaha System to nursing care of children with epilepsy**

CUI Cui, ZHENG Xian-lan, LI Shuang-zi

- 808 **Analysis and nursing of patients suffering from apychia when extracting highly expansive sponge**

YU Xue-fei

- 811 **Analysis of time efficiency of nursing under the mode of trauma team in emergency department**

WANG Sa, CHEN Shui-hong, JIN Jing-fen

Nursing Management

- 814 **A qualitative research on perceptions and experiences to wards clinical practice study among ICU specialty nurses**

WANG Ren, FU Jing-jing, XIA Hai-ou

- 819 **Investigation of nursing human resources in Chinese hospitals**

XU Yi-min, WU Ying, ZHANG Yan, MA Rui-ying, LI Xiu-hua

- 823 **Nursing manpower allocation based on working hour measurement in bone marrow transplant unit**

YAN Xia, XU Xiao-dong, YANG Zi-ying, HE Xin-xin, SUN Hui, LIU Xi-ao-lin, LI Dan, YI Xiang-li, WANG Yu

Nursing Education

- 827 **Mobile application for nursing education in operating room of a comprehensive hospital**
WEI Chun-miao, MU Yan, LI Cheng-tai
- 832 **Study on developing the knowledge system of Narrative Nursing course**
YU Hai-rong, JIANG An-li
- 836 **The effects of three-year standardized training on improving vocational ability of nurses**
ZHU Long, ZHANG Ke-ying
- 840 **The impact of professionalism education on building professional emotion among nursing students**
ZHANG Xin, ZHANG Hui, ZHANG Huan, SHENG Yu

Review

- 844 **Research progress of nursing dependency assessment tools**
WANG Zi-juan, LI Hong
- 858 **Self-efficacy in patents with rheumatoid arthritis: a literature review**
GAO Lei, SHI Bao-xin
- 853 **Progress of application of high flow oxygen therapy among adult patients**
WEI Wen-ju, ZHANG Qiang, NA Hai-shun

Basic Nursing

- 858 **A survey of oral care assessment and practice for orotracheally intubated patients in intensive care units in China**
WEN Miao-miao, ZENG Tie-ying, ZHAO Mei-zhen

Academic Debate

- 863 **Reliability and validity of the Chinese version of Inhaled Corticosteroids Related Health Status Questionnaire-Short Form**
CUI Jin-rui, CHEN Ying
- 869 **Development of an indicator system for evaluating patient safety and nursing management in non-accompanying ward**
WANG Xiao-ping, LI Yin, LÜ Dan, LI Xiao-dong, TIAN Li
- 874 **The effect of arterial compression hemostasis device on liver cancer patients after interventional therapy: a meta-analysis**
ZHANG Xian-jun, YA Chun-mei, GENG Li, GUO Yan-yun, HAN Jin-ping, YOU Wei

Clinical Practice

- 881 **Nursing care of the first patient with imported Middle East Respiratory Syndrome in China**
ZHUO Si, LIU Sha-sha, JIANG Gui-su, GONG Xiao-qi
- 884 **Nursing of one ileostomy patient combined with wound dehiscence and stoma fistula: a case report**
FAN Hui, JIN Xian-zhen, QIAO Li-na, RUAN Rui-xia
- 887 **Nursing of a familial amyloid polyneuropathy patient with liver transplantation: a case study**
CHEN Wen-jun, LIU Li-fang, WANG Sha, SUN He-ming, HE Guo-ping
- 890 **Nursing care of one case of severe burn complicated with superior mesenteric artery syndrome**
YU Hui, LUO Xian-li, CHEN Li-ying

Nursing Forum

- 893 **The development and enlightenment offinancial management education in nursing in the United States**
BAI Yang, LIU Dan, DING Jin-feng, CHEN Qi-rong, XIAO Jin-nan, TANG Si-yuan

ENDOSCOPE REPR

THE ONLY SYNER
MULTI-TIERED ENZYMA

- Instantly Active
- Continuously Active
- Non-Foaming and Non-staining
- Neutral pH Cleaner

Scopezyme® is the only enzymatic product for all Washers, Washer Cleaners, and Instrument Cleaners. It removes all protein, fat, mucous and instruments, even the most difficult to clean: bloody forceps and flexible scopes and bronchoscopes. The active enzymes, Amylase, Lipase and Cellulase, produce a synergistic effect to break matter from any instrument.

ORTHODZIME

ORTHOPEDIC INSTRUMENT CLEANER
The only enzymatic cleaner that dissolves and removes FAT and protein from orthopedic instruments in ten minutes. No other cleaner can do this. Orthozime® was created specifically for use on orthopedic instruments. Orthozime® digests and dissolves all organic and other organic contaminants on scalpels, chisels, and other organic instruments. Two minute immersion of bone instruments, such as nail rotators, reamers, flexible instruments, saw blades, etc. into Orthozime® solution completely cleans the instruments. Orthozime® is safe and efficacious for delicate orthopedic instruments. Orthozime® eliminates biological films and debris. Orthozime® is 100% biodegradable.

Clinically Tested to be Free Residue

LAPCHOLYZIME

for Laparoscopic Cholecystectomy Instruments
No other cleanser has enzymatic cleaners that can dissolve the...
Lapcholyzyme® is unique and powerful because it breaks down proteins, mucous, and fat, and has the specificity for "protein" that is the main contaminant on laparoscopic instruments. Lapcholyzyme® begins dissolving the protein, fat, and other organic contaminants. Lapcholyzyme® is safe and efficacious for delicate laparoscopic instruments. Lapcholyzyme® eliminates biological films and debris. Lapcholyzyme® is 100% biodegradable. No Chopped Chemicals, no harsh chemicals, no caustics, no irritants, no stains, no residue. Lapcholyzyme® is clinically tested to be free residue. Works in all temperatures.

Clinically Tested to be Free Residue
